- (ii) If at least one **full field** Race to Dubai Ranking Tournament (that is also a Counting Tournament) is staged in a Member's Home Country, (and such Member is eligible and exempt to Participate at close of entries) then the Member is required to **either** Participate in a minimum of one such tournament or in a minimum of 3 Rolex Series tournaments in the current Official Season.

Exception: Ranked Members aged 50 or over or whose 50th birthday is during the current Official Season are not required to comply with Regulation B1(c) above.

NOTE:

- (i) If a Member who is required to fulfil the requirements of Regulation B1(c) (ii) above fails to do so, the minimum number of Counting Tournaments in which he will be required to Participate as set out in Regulation B1(c) (i) above will automatically be increased by two to **six** Counting Tournaments in the current Official Season. In such circumstances, the Chief Executive will have the right to nominate at his sole discretion, one of the additional Counting Tournaments in which the Member is required to Participate.
- (ii) Should an Affiliate Member qualify for the Ryder Cup in any Official Season and be moved into Category 9 immediately after Participating in that Ryder Cup, he will be required to comply with the minimum Counting Tournament Regulation as defined in B1 (f) for an Affiliate Member winner during the Official Season and where such regulation refers to the Tournament won, in the case of such Member this will refer to his Participation in the Ryder Cup.
- (iii) Any Member who will still be under the age of 50 at the conclusion of any one Official Season and who fails to comply with the minimum Counting Tournament Regulation in any one Official Season or who does not take up Ranked Membership in an Official Season in which he is so eligible will be ineligible thereafter to be selected as the European Ryder Cup Captain or vice Captain. There is no requirement under Regulation B1(c) (ii) above to play a Race to Dubai Ranking Tournament that is scheduled against a Major Championship or a Rolex Series tournament.

(d) Top 50 OWGR Ranked Members – criteria to "count" in the Race to Dubai Rankings

The following applies to Ranked Members who are also ranked within the top 50 of the Official World Golf Rankings (OWGR).¹

Any such Member who has not played 6 or more Counting Tournaments prior to the 27th October in the current Official Season, will be treated as "in addition to" on the Race to Dubai Rankings for the purpose of defining those Categories based on the Race to Dubai Rankings for the following Official Season.

¹Top 50 OWGR definition is defined as featuring within the top 50 of the OWGR rankings as published from Week 1 up to and including Week 29 in the current Official Season.

Exception: Any Member who has played 25 or more Race to Dubai Ranking Tournaments excluding Majors and WGCs prior to the start of the current Official Season.

(e) Removal from Race to Dubai Rankings:

Any Ranked Member from within Categories 1 - 15 and 17 only will be removed from the current Race to Dubai Rankings, at that time when it becomes impossible for him to Participate, by the end of the current Official Season in the minimum number of Counting Tournaments required under Regulation B1(c).

Exceptions:

- (i) The provisions of this Regulation B1(e) shall not apply to any Member aged 50 or over or whose 50th birthday is during the current Official Season. The inclusion of such Members in the Race to Dubai Rankings will however be in addition to all other Ranked Members for the purposes of defining those Categories based on positions within the Final Race to Dubai Rankings of the current Official Season.
- (ii) The provisions of this Regulation B1(e) shall not apply to any Member who has had an extension to his Membership confirmed in writing to him by the DP World Tour for the following Official Season, before the time when he can no longer Participate in the minimum number of Counting Tournaments in the current Official Season. Such Member will remain in the Race to Dubai Rankings until the end of the current Official Season, but will be removed from the final Race to Dubai Rankings unless his ranking or other resulting Category of Membership is higher than he would have otherwise been granted under his Membership Extension.
- (iii) If the Chief Executive in his sole discretion determines that serious personal or medical circumstances have prevented a Member from fulfilling his minimum Counting Tournament obligation required under Regulation B1(c), the Chief Executive may amend such Member's minimum Counting Tournament obligation as he considers appropriate in the circumstances.

(f) Winners in the current Official Season:

Where a tournament has less than 1 million Euro in Official Prize Money, only existing Ranked DP World Tour Members or Ranked Challenge Tour members will earn the

related winner's Exemption. Exception: For certain events where the Official Prize money total is impacted by local currency fluctuation such that it is confirmed as being marginally below this amount, the Chief Executive may authorise that a full one Official Season Exemption in Category 4 is granted to any winner of such a tournament.

In the event of a Player winning any other Race to Dubai Ranking Tournament and becoming immediately eligible for Ranked Membership in Categories 1 - 4, the following will apply:

A Ranked Member, Affiliate Member, Challenge Tour Ranked Member or "Past Champion or other Member of distinction" will immediately be moved into his new Category.

A **Ranked Amateur** will automatically be moved into his new Category in the current Official Season provided that he turns professional prior to (i) competing in his next Counting Tournament or before (ii) the computation of the Race to Dubai Rankings following the Race to Dubai Ranking Tournament scheduled to conclude on the 26th October 2025, whichever is the sooner.

Winners of Race to Dubai Ranking Tournaments after 27th October 2025 will not be moved into Ranked Membership until the following Official Season.

If a **Non-Member** wishes to take up this Membership for the current Official Season, he must do so either within 14 days of the end of the Race to Dubai Ranking Tournament he has won (Exception: An amateur will be given 14 days from the date of turning professional to make this decision), or before the computation of the Race to Dubai Rankings following the Race to Dubai Ranking Tournament scheduled to conclude on the 26th October 2025² or before competing in his next Race to Dubai Ranking Tournament, whichever is the sooner.

²i.e. A Non-Member winning a Race to Dubai Ranking Tournament in the current Official Season after this date will therefore not be permitted to take up Membership until the following Official Season. If he fails to do so, he still retains the right to commit to Membership by the last day of any Official Season for the following Official Season, provided he still has at least one Official Season of Exemption remaining.

NOTE: If a Non-Member who was already eligible for but had previously declined DP World Tour Membership in the current Official Season, wins a Race to Dubai Ranking Tournament in the current Official Season and now wishes to take up the resultant Ranked Membership, he will be permitted to do so taking account of the time-frames defined above.

A Non-Member or a Ranked Amateur winner will only be included in the Race to Dubai Rankings for the current Official Season once he has taken up Ranked Membership but any Race to Dubai Ranking Points that he has already accumulated on the Non-Member Race to Dubai Points List in that Official Season will be credited to his Race to Dubai Ranking for that Official Season.

To be eligible to Participate in the final tournament in the Race to Dubai Rankings (currently the DP World Tour Championship), and be included in the final Race to Dubai Rankings in the current Official Season, the following will apply:

Any winner who is not already a Ranked Member in ³Categories 1-15 and 17 only; such a Player will be required to play the lesser of;

- a) $\frac{1}{3}$ (one third) of the total number of remaining Counting Tournaments⁴ from the time of his victory, (or in the case of an amateur from the date of turning professional). If this amounts to more than 3 Counting Tournaments, 3 will be the requirement as this will then total 4 with the tournament he won.

Exception: If the tournament that he won was not a "Counting Tournament" but $\frac{1}{3}$ of the remaining Counting Tournaments amounts to more than 4, then he will be required to Participate in 4 further Counting Tournaments.

Or

- b) the number of Counting Tournaments that when added to the number such Player has already played will ensure that he complies with the provisions of B1(c) (i) above and B1(c) (ii) where applicable.

NOTES:

With regard to the requirements of Regulation B1(c) (ii), the following will apply: If a new winner becomes eligible by the Monday of the tournament week to Participate in a Full Field Race to Dubai Ranking Tournament in his Home Country that is scheduled to be staged after the date of the tournament he won, he will be required to Participate in that tournament.

(³A Ranked Member in Categories 1-15 and 17 only will already be bound by the minimum Counting Tournaments requirement set out in Regulation B1(c) (i.e. the requirement to Participate in a minimum of 4 Counting Tournaments), and his win does not alter his obligations under this Regulation).

(⁴For the purposes of calculating the remaining number of Counting Tournaments, only one tournament per calendar week will be counted and the final two tournaments of the Official Season will be excluded from this calculation. When calculating whether or not such winner has Participated in $\frac{1}{3}$ of this number, fractions will always be rounded down to the lowest whole number of tournaments).

(g) Voting rights:

Only those Members who are eligible for Ranked Membership or "Past Champion or other Member of distinction" Membership as specified in Regulation B2(a) and (b) and have paid their Membership fee¹ are entitled to attend and vote at Annual General Meetings and Extraordinary General Meetings of the PGA European Tour.

 - (a) Ranked Members aged 50 or over in the current Official Season.
 - (b) Ranked Members within the top 50 of the OWGR⁶ who have not played a minimum of 6 Counting Tournaments prior to the 29th October in the current Official Season. (NOTE 1)

Players who are or have been at any time in the current Official Season otherwise eligible for Ranked Membership (as set out in Regulation B2(a) (i - xx)) will be ineligible to take up this "Past Champion and other Members of Distinction" Membership.

(NOTE 2)

¹(NOTE 3)

Any Player eligible for such Membership whose Membership lapses for more than two successive Official Seasons, will cease to be eligible for this Membership thereafter. They will again be eligible for "Past Champion or other Member of distinction" Membership, the next time they cease to be a Ranked Member.

(c) Honorary Life Membership

Any Ranked Member, Past Champion or other Member of Distinction may be awarded Honorary Life Membership if (a) they are nominated for such award by one or more of: (i) the Chairman, (ii) the Chief Executive; and/or (iii) the Tournament Committee, and (b) such nomination is approved by way of a resolution of the board of directors of the PGA European Tour in their absolute discretion.

(d) Affiliate Membership

- (i) Affiliate Membership is available to those Non-Members or "Past Champion or other Members of Distinction" who fulfil the criteria set out in any of the sub-categories (A) - (C) below, who wish to have the following:
 - The possibility of earning a Ranked DP World Tour or Challenge Tour Membership for the following Official Season or becoming exempt from the relevant qualifying stage of the DP World Tour Qualifying School, based on their Race to Dubai Ranking Points earned on the Non-Member

Race to Dubai Points List.

- An unrestricted number of tournament invitations in the current Official Season.
- Being eligible for the top 5 qualification¹ from one tournament into the next. ('NOTE: A Player must take up Affiliate Membership prior to Participating in a co-sanctioned Race to Dubai Ranking Tournament to be eligible to qualify from that tournament into the next Race to Dubai Ranking Tournament through the top 5 qualification.)
- For European Players - becoming eligible for qualification or selection for the next European Ryder Cup team. For the avoidance of doubt, Ryder Cup points will only be awarded from the moment such Player becomes an Affiliate Member onwards.

NOTE: If an Affiliate Member earns sufficient Race to Dubai Ranking Points on the Non-Member Race to Dubai Points list in the current Official Season to qualify for Ranked Membership in the following Official Season but declines this Ranked Membership, he will be ineligible for Affiliate Membership in the Official Season in which he declined such Ranked Membership, and in the following one too. Exception: The Chief Executive in his sole discretion and only in exceptional circumstances may waive the provisions of this NOTE to Regulation B2(d)(i).

- (A) Any Non-Member, "Past Champion or other Member of Distinction", who is not and has not been at any time in the current Official Season¹ otherwise eligible for Ranked Membership or Challenge Tour Ranked Membership (with the exception of a Member who has been granted a Membership Extension and does not secure a Category for the remainder of the current Official Season at the conclusion of his Membership Extension). This Membership may be taken up at any time during the current Official Season prior to commencement of the final Race to Dubai Ranking Tournament before the DP World Tour Play-Offs.

However, once a Player earns the same or more Race to Dubai Ranking Points on the Non-Member Race to Dubai Points List than the Race to Dubai Ranking Points in the previous season required to be eligible for Membership under B2(a) (xviii) in the current Official Season, he will automatically be offered Affiliate Membership.

He will then be subject to the following deadline to take it up: 60 days from the date on which this membership was offered, or prior to the final Race to Dubai Ranking Tournament before the DP World Tour Play-Offs, whichever is the sooner.

The fee for this Affiliate Membership in the 2025 Official Season is as follows:

£650 - For PGA TOUR Members finishing within the top 125 in the final 2024 FedEx Cup Rankings.

£1,500 - For Players who attended the last played DP World Tour Qualifying School.

£1,500 - For Past Champion Members or other Members of distinction.

£3,250 - For all other Non-Members, including Challenge Tour Associate Members 2 & 3.

¹Exception: Those amateurs Participating in the last played DP World Tour Qualifying School but missing the respective deadline for Ranked Membership or Challenge Tour Ranked Membership due to a delay in turning professional, may still apply for Affiliate Membership after this date.

- (B) Any Player eligible for Challenge Tour Ranked Membership in the current Official Season who declines such membership and takes up Affiliate Membership during the current Official Season.

Any such Player wishing to become an Affiliate Member must indicate in writing on the appropriate form his intention to take up such rights and pay a fee of £1,500 (or £650 in the case of a Player who finished within the Top 125 in the final 2024 FedExCup Rankings). The deadline to take up Affiliate Membership (B) is the same as for Affiliate Membership (A).

NOTE: By taking up this Affiliate Membership, such a Player agrees to waive his rights to Challenge Tour Ranked Membership for the current Official Season unless he subsequently wins a Challenge Tour Ranking Tournament, in which case he will be entitled to take up Challenge Tour Ranked Membership in the applicable category if he so wishes.

If he takes up such Challenge Tour Ranked Membership, his Affiliate Membership will be cancelled with immediate effect. In such event, any Race to Dubai Ranking Points that the Player had already earned on the Non-Member Race to Dubai Points List in the current Official Season as an Affiliate Member will be added to any future Race to Dubai Ranking Points that he earns as a Challenge Tour Ranked Member when calculating his Non-Member Race to Dubai Points List ranking for the remainder of the current Official Season.

- (C) Any Challenge Tour Ranked Member who in the 2025 Official Season has earned at least 238.91 Race to Dubai Ranking Points (this being the amount earned by the Player securing the lowest ranked position in Category 20 in the 2025 Official Season).

Any such Challenge Tour Ranked Member wishing to become an Affiliate Member (because he will not fulfil his minimum events obligation on the Challenge Tour) must indicate in writing on the appropriate form his intention to take up such rights and pay a fee of **£1,500** before such time as he becomes unable to fulfil his Challenge Tour minimum events obligation.

In such case, any Race to Dubai Ranking Points that the Player had already earned as a Challenge Tour Ranked Member on the Non-Member Race to Dubai Points list in the current Official Season, will be added to any future Race to Dubai Ranking Points that he earns as an Affiliate Member when

calculating his Non-Member Race to Dubai Points List ranking for the remainder of the current Official Season.

- (ii) When a Non-Member, Challenge Tour Ranked Member, or Past Champion Member of Distinction takes up Affiliate Membership, he will remain in the Non-Member Race to Dubai Points List.

His position at the end of the Official Season will, where applicable, make him eligible for the relevant Category of Membership for the following Official Season or will, where applicable, earn him exemption from the relevant stage of qualifying for the next DP World Tour Qualifying School. i.e. An Affiliate Member who earns the same or more Race to Dubai Rankings Points on the Non-Member Race to Dubai Points List than is required by a Ranked Member on the Race to Dubai Rankings to earn a Category of Membership for the following Official Season or an exemption from qualifying for the next DP World Tour Qualifying School will be placed at the bottom² of that Membership Category in the following Official Season or be added to the field for the relevant Stage of the DP World Tour Qualifying School accordingly. (²Where there is more than one such Player in any one Category, all such Players will be ranked together **at the bottom** of that Category in order of Race to Dubai Ranking Points won in the current Official Season.)

If however such a Player wins a Race to Dubai Ranking Tournament in the current Official Season, he will immediately be moved into Ranked Membership and into the Race to Dubai Rankings for the current Official Season. In such case, any Race to Dubai Ranking Points that the Player had already earned as an Affiliate Member on the Non-Member Race to Dubai Points list in the current Official Season will be added to any future Race to Dubai Ranking Points that he earns as a Ranked Member when calculating his Race to Dubai Ranking for the remainder of the current Official Season.

- (iii) An Affiliate Member may receive an unrestricted number of invitations to Race to Dubai Ranking Tournaments in any one Official Season.

(e) Ranked Amateurs

- (i) Those amateur players who wish to be eligible for the benefits listed below¹ must complete a Ranked Amateur subscription form and pay the applicable administration fee of £325 at any time during the current Official Season prior to the commencement of the final Race to Dubai Ranking Tournament before the DP World Tour Play-Offs. However, once an amateur player earns the same or more Race to Dubai Ranking Points on the Non-Member Race to Dubai Points List than the Race to Dubai Ranking Points in the previous season required to be eligible for Membership under Regulation B2(a) (xviii) in the current Official Season, he will automatically be sent the Ranked Amateur subscription form. He will then be subject to the following deadline to complete it and pay the related administration fee (i) 60 days from the date on which the Ranked Amateur subscription form was sent, or (ii) prior to the commencement of the final Race to Dubai Ranking Tournament before the DP World Tour Play-Offs, whichever is the sooner.

Benefits available to Ranked Amateurs:

- (i) The possibility of earning a DP World Tour Ranked Membership or a Challenge Tour ranked membership for the following season based on their Race to Dubai Ranking Points earned on the Non-Member Race to Dubai Points List. **NOTE:** To participate in the playing privileges derived from his total Race to Dubai Ranking Points earned on the Non-Member Race to Dubai Points List in the current Official Season, a Ranked Amateur must turn professional before the Membership deadline for the next Official Season and have paid his Membership fee as defined in Regulation B1(b).
 - (ii) The possibility of becoming exempt from the relevant qualifying stage of the DP World Tour Qualifying School, based on their Race to Dubai Ranking Points earned on the Non-Member Race to Dubai Points List.
 - (iii) An unrestricted number of tournament invitations in the current Official Season.
 - (iv) Being eligible for the top 10 and top 5 qualification from one tournament into the next. **NOTE:** An amateur player must have completed the Ranked Amateur subscription form and paid the related administration fee prior to Participating in the relevant Race to Dubai Ranking Tournament to be eligible to qualify from that tournament into the next Race to Dubai Ranking Tournament through this qualification.
- (ii) When an amateur completes the Ranked Amateur subscription form and pays the related administration fee, he will remain in the Non-Member Race to Dubai Points List. His position at the end of the Official Season will, where applicable, make him eligible for the relevant Category of Membership for the following Official Season or will, where applicable, earn him exemption from the relevant stage of qualifying for the next DP World Tour Qualifying School. i.e. A Ranked Amateur who earns the same or more Race to Dubai Rankings Points on the Non-Member Race to Dubai Points List than is required by a Ranked Member on the Race to Dubai Rankings to earn a Category of Membership for the following Official Season or an exemption from qualifying for the next DP World Tour Qualifying School will be placed at the bottom² of that Membership Category in the following Official Season or be added to the field for the relevant Stage of the DP World Tour Qualifying School accordingly. (² Where there is more than one Affiliate Member, Challenge Tour ranked member or Ranked Amateur in any one Category, all such Players will be ranked together at the bottom of that Category in order of Race to Dubai Ranking Points won in the current Official Season.)
- (iii) If however such a Player wins a Race to Dubai Ranking Tournament in the current Official Season, and turns professional within the deadline detailed in Regulation B1(e), he will immediately be moved into Ranked Membership and into the Race to Dubai Rankings for the current Official Season. In such case, any Race to Dubai Ranking Points that the Player had already earned on the

Non-Member Race to Dubai Points list in the current Official Season will be added to any future Race to Dubai Ranking Points that he earns as a Ranked Member when calculating his Race to Dubai Ranking for the remainder of the current Official Season.

- (iv) A Ranked Amateur who becomes a Ranked Member in the current Official Season will not be treated as “in addition” on the Race to Dubai Rankings and the relevant Membership cut-offs will not be extended.
- (v) Any automatic or minimum financial penalty or sanction referred to in these Regulations will not apply to Ranked Amateurs, and the person or governing body responsible for disciplining any particular breach that ordinarily refers to an automatic or minimum financial sanction shall have the discretion to impose an alternative sanction.
- (vi) Any obligation imposed on Members to attend or otherwise participate in any Pro-Am as set out in Regulation C10 or elsewhere, shall not apply to Ranked Amateurs.

(f) Membership Extensions - for serious injury, illness, family crisis or mandatory obligation

The Tournament Committee has delegated its power to administer Membership Extensions to the Director of Tour Operations (the “**DTO**”) and the Director of Competitions Administration (the “**DCA**”).

Where a Member has been prevented from Participating in Race to Dubai Ranking Tournaments due to serious injury, illness, family crisis, or mandatory obligation (the “**Extension Event**”), he may be granted a Membership Extension at the absolute joint discretion of the DTO and DCA.

For the purposes of this Regulation, mandatory obligation includes, but is not limited to, mandatory armed service or religious obligation. Family crisis refers to a serious injury, illness, or disability affecting a family member only, but situations affecting non-family members may also be considered where the impact on the Member clearly warrants such consideration.

In reaching their decision, the DTO and DCA shall be entitled to take into account the nature, extent and duration of the Extension Event, length of Membership, Category, contribution to the game, and any other factors that they consider relevant. The DTO and/or DCA reserves the right to request relevant information or documentation from a Member in support of a Membership Extension application.

The following guidelines will be used to determine the length of a Membership Extension, when granted:

(i) **Members in Categories 1–17**

Available Tournaments Calculation

If a Member Ranked in Categories 1–17, with one Official Season Exemption only, has been prevented from Participating in any Race to Dubai Ranking Tournament due to an Extension Event, such Member may be granted a Membership Extension in the following Official Season for the number of tournament(s) equal to the difference between (the “**Available Tournaments**”):

- 1) The greater of (i) 24 tournaments, this being the average number of Race to Dubai Ranking Tournaments¹ in which those Ranked Members (excluding dual DP World Tour/PGA TOUR Members and Affiliate Members) in the top 110² of the final Race to Dubai Rankings Participated in the previous 3 Official Seasons, or (ii) the average number of Race to Dubai Ranking Tournaments¹ in which such Member (whilst in Categories 1 - 17 or in a lower Category where he has had at least 24 Playing Opportunities in such Official Season) Participated in the 3 Official Seasons preceding the Official Season in which the Extension Event occurred, or if such Member has been a Member for less than 3 Official Seasons, the average number of Race to Dubai Ranking Tournaments¹ he has Participated in the Official Season(s) he has been a Member (in Categories 1 - 17 or in a lower Category where he has had at least 24 Playing Opportunities in such Official Season) within the 3 Official Seasons preceding the Official Season in which the Extension Event occurred, (see exception³ below for Members in Category 12) minus
- 2) The number of Race to Dubai Ranking Tournaments (excluding Major Championships) in which such Member Participated in the Official Season in which he was prevented from Participating due to the Extension Event.

NOTES:

¹This average includes Participation in Major Championships but excludes Participation in the Race to Dubai Ranking Tournaments following the last Race to Dubai Ranking Tournament where Categories based on the Race to Dubai Rankings are defined for the following Official Season(s).

²This position will be extended by the same number of players who are “in addition” when defining Categories for the following Official Season based on their Race to Dubai Rankings.

³In relation to the average number of tournaments used to determine the length of the membership extension as detailed in Regulation B2(f)(i)(1), for Members in Category 12 this will be the lower of 24 tournaments or the number of total Playing Opportunities in Race to Dubai Ranking Tournaments that such Member would have had through his Category only (and ranking within such Category) in the Official Season in which the Extension Event occurred. If a Member in Category 12 Participated in at least 80% of his Playing Opportunities, he will not be granted a Membership Extension.

If a Member hits his first tee shot in the first round of a Race to Dubai Ranking Tournament, he has declared himself “fit to play”, and such tournament will count towards the number of Race to Dubai Ranking Tournaments in which he has Participated in that Official Season for the purposes of this Regulation B2(f), irrespective of whether he then has to withdraw during that tournament due to illness or injury.

Participation by a Member in tournaments that are not sanctioned by the DP World Tour during the Official Season in which he was prevented from Participating due to the Extension Event in weeks where the Member was eligible and exempt into a DP World Tour event as of close of entries, will be taken into account and will count as a tournament played for the purposes of this Regulation B2(f) only. Furthermore, if it is evident that a Member has participated regularly on another Tour during such Official Season, such participation may also be taken into account in terms of determining the length of his Membership Extension.

In all cases, when determining the number of Available Tournaments, this number will never be higher than the number of Race to Dubai Ranking Tournaments that a Member missed due to the Extension Event. (When determining the number of Race to Dubai Ranking Tournaments missed, only one Race to Dubai Ranking Tournament will be counted in any given week.)

Membership Extension Category for the Available Tournaments

Such Membership Extension will be granted for the following Official Season in the Membership Extension Category immediately below the Category in which he was a Member in the Official Season in which the Extension Event occurred. Members shall be ranked in order according to the most recent ranking within such Category which they held immediately prior to receiving such extension.

Any Race to Dubai Ranking Tournament in which such a Member Participates in the Official Season of his Membership Extension, either through his Membership Extension Category or through any other exemption including via tournament invitation, will count as one of the Available Tournaments granted under his Membership Extension.

During the Official Season in which the Extension Event occurred, combined with the period of his Membership Extension, no Member may Participate in more Rolex Series tournaments than the total number of Rolex Series tournaments scheduled in the Official Season in which the Extension Event occurred, excluding those tournaments scheduled after the last Race to Dubai Ranking Tournament where Categories based on the Race to Dubai Rankings are defined for the following Official Season.

Total Combined Points Calculation

In the following Official Season, once such a Member has Participated in the Available Tournaments, his Race to Dubai Ranking Points earned during these tournaments will be added to the Race to Dubai Ranking Points he earned in the Official Season in which he was prevented from Participating due to the Extension Event (the “**Total Combined Points**”).

Membership Extension Category Following the Total Combined Points Calculation

Such Member will then be ranked for the remainder of the following Official Season in the Membership Extension Category immediately below the Category that such Total Combined Points would have earned him in the following Official Season, based on the Race to Dubai Ranking Points earned by the lowest Member in that Category, provided that the Member at least equals the Race to Dubai Ranking Points required to achieve an Exemption in Category 20. Members shall be ranked in order according to the most recent Category and ranking within such Category which they held immediately prior to receiving such extension, with the Member who had the highest Category and ranking immediately prior to receiving such extension being ranked 1st in such Membership Extension Category.

A Member in Categories 1–17 who after computation of his Total Combined Points does not secure Category 10(a) or higher for the remainder of the current Official Season but his Total Combined Points is sufficient to rank him in any Challenge Tour category, will retrospectively be awarded any Road to Mallorca Points that he would have earned in any Race to Dubai Ranking Tournaments or Challenge Tour ranking tournaments counting towards the current official season Road to Mallorca rankings that he Participated in under his Membership Extension Category.

Return to Competition

If at the time a Member is able to return to competition under his Membership Extension Category there is an insufficient number of Playing Opportunities remaining in that Official Season for him to Participate in the total number of Available Tournaments granted under his Membership Extension, such Member will be permitted to Participate in the remaining Available Tournaments in the subsequent Official Season provided that he has Participated in at least 80% of his Playing Opportunities under his Membership Extension Category in the current Official Season. Additional time will not be extended beyond the subsequent Official Season.

If, however, a separate Extension Event prevented a Member from Participating for a part or all of the Official Season(s) of his Membership Extension, a further Membership Extension may be granted in the following Official Season.

A Member will not be entitled to a Membership Extension if more than one full Official Season has passed between the time the Extension Event occurred and the time such a Member is able to return to competition, other than in the case of severe injury or illness to a Member or a severe family crisis, as authorised jointly by the DTO and DCA.

Once the Member resumes his normal playing schedule, the number of Available Tournaments may be reduced by one for each tournament that is not sanctioned by the DP World Tour in which he Participates when eligible and exempt at close of entries for a Race to Dubai Ranking Tournament scheduled in the same week.

Rehab Tournaments

After the time the Member applies for a Membership Extension and prior to returning

to competition in Race to Dubai Ranking Tournaments, such Member will be permitted to play in a maximum of three tournaments (other than Race to Dubai Ranking Tournaments) sanctioned by National Federations, other Federation Tours, Satellite Tours, Feeder Tours, or Challenge Tour (except for those dual Ranked DP World Tour/Challenge Tour Members). Such Participation in other tournaments to be communicated to the DP World Tour Head of Competitions Administration in advance.

Points Differential Factor

The following will apply to address the impact of growth or decline in the number of Race to Dubai Ranking Points available when there is one or more Official Seasons between the Official Season in which such Member's Extension Event occurred and the Official Season of his Membership Extension:

The average Race to Dubai Ranking Points available per tournament in the Official Season in which the Extension Event occurred will be compared against the average Race to Dubai Ranking Points available per tournament in the Official Season prior to the one in which he has been granted a Membership Extension. For the purpose of calculating this average, the Race to Dubai Ranking Points available at Major Championships will be excluded.

The resulting factor of difference will be applied to the Race to Dubai Ranking Points he earned in the Official Season in which he was prevented from Participating due to the Extension Event. These revised Race to Dubai Ranking Points will then be added to the Race to Dubai Ranking Points earned during his Membership Extension.

The Member will then be ranked for the remainder of the following Official Season in the Membership Extension Category immediately below the Category that such Total Combined Points would have earned him based on the Race to Dubai Ranking Points earned by the lowest ranked Member in that Category.

(ii) Members in Categories 18 – 21

The principles applied in (i) above to Members Ranked in Categories 1 – 17 shall be applied accordingly in the case of a Member Ranked in Categories 18 – 21, subject to the following additional criteria set out below.

If a Member in Categories 18 – 21 has been prevented from Participating in any Race to Dubai Ranking Tournament due to an Extension Event, such Member will be granted a Membership Extension in the following Official Season for the number of tournament(s) equal to the difference between:

- 1) The number of total Playing Opportunities in Race to Dubai Ranking Tournaments that such Member would have had through his Category only (and ranking within such Category) in the Official Season in which the Extension Event occurred and
- 2) The number of Race to Dubai Ranking Tournaments (excluding Major Championships) in which the Member Participated in the Official Season in which he was prevented from Participating due to the Extension Event.

In weeks where a Member in Categories 18–21 could have Participated in a tournament on either the DP World Tour or Challenge Tour, it will count as one tournament played on each Tour for the purposes of the Membership Extension process only.

If a Member in Categories 18–21 Participated in at least 80% of his Playing Opportunities, he will not be granted a Membership Extension.

If a Member in Categories 19–21 is not able to Participate in all of his Available Tournaments due to there being insufficient Playing Opportunities for his Category and rank, his remaining Available Tournament(s) will not be rolled over into the following Official Season.

(iii) Members with a multiple Official Season Exemption

All the principles set out in section (i) above that apply to a Member with a single Official Season Exemption also apply to a Member with a multiple Official Season Exemption, with the following exceptions:

- (a) As opposed to such Member's Membership Extension being granted in the following Official Season, his current multiple year Exemption will be extended by the applicable number of Available Tournaments in accordance with (i) above.

I.e., If such Member, prior to the Official Season of his Membership Extension earns a further multiple Official Season Exemption that expires after the Official Season of his Membership Extension, his Membership Extension will no longer apply.

- (b) If during the Official Season in which he was prevented from Participating due to the Extension event, such a Member earns Membership in Category 10 for the following Official Season, he will not be entitled to a Membership Extension at the end of this multiple year Exemption.

(iv) Application Deadline

In all cases, applications for Membership Extensions for the 2026 Official Season must be submitted in writing to the Head of Competitions Administration prior to the final deadline for entry to the Final Stage of the 2025 DP World Tour Qualifying School.

(v) Appeals Against Membership Extensions Decisions

If a Member is dissatisfied with the joint decision made by the DTO and DCA, he may appeal the decision by giving written notice to the Head of Competitions Administration within seven (7) days of receipt of the written decision.

The appeal will be heard de novo by an "Appeal Panel" ordinarily constituted by three (3) people made up of the following:

- (i) The chairman of the Tournament Committee.

- (ii) One PGA European Tour independent non-executive.
- (iii) The Chief Executive.

An appeal hearing before the “Appeal Panel” is an informal inquiry. There are no fixed rules of procedure, and personal representation is permitted when requested and justified by the appellant. The purpose of the hearing is to dispose of the matter as speedily and as informally as possible while providing a fair hearing and complying with the rules of natural justice. A decision of the Appeal Panel will be final and binding on the Member.

3. Termination/Suspension of Membership

- (a) If a Member (other than an Honorary Life Member) ceases to be eligible for Membership to the DP World Tour under Regulation B2, his Membership shall immediately be terminated and he will cease to be a Member as from that date.
- (b) If a Member fails to Participate in the minimum number of Counting Tournaments for inclusion in that Official Season’s Race to Dubai Rankings, then:
 - (i) if he is an Honorary Life Member, his Membership shall be suspended as from that time when it becomes impossible for him to Participate in the minimum number of Counting Tournaments by the end of that Official Season. (Exception: Those Members meeting the provisions of Exceptions (i) - (iii) to Regulation B1(e)); or
 - (ii) In any other case, his Membership shall be terminated immediately as from the time when it becomes impossible for him to Participate in the minimum number of Counting Tournaments by the end of that Official Season. (Exception: those Members meeting the provisions of Exceptions (i) - (iii) to Regulation B1(e)).
- (c) If a Member resigns his Membership, he shall immediately cease to be a Member as from the date his resignation is delivered to the Competitions Administration team. A Member who resigns their Membership during an Official Season shall not become eligible for reinstatement as a Member any earlier than the start of the next Official Season.
- (d) If a Member is expelled by the Chief Executive, a Disciplinary Panel or an Appeal Panel as a result of a breach of the DP World Tour’s Code of Behaviour or the Integrity Policy, or has a sanction of permanent ineligibility imposed by an Independent Tribunal as a result of a breach of the Anti-Doping Policy, his Membership shall terminate as from the date specified by the Chief Executive, Disciplinary Panel, Appeal Panel or Independent Tribunal.
- (e) A Member’s Membership may be suspended by decision of the Chief Executive, a Disciplinary Panel or an Appeal Panel as a result of a breach of the DP World Tour’s Code of Behaviour, or Integrity Policy. Such suspension shall have effect for the period and dates specified by the Chief Executive, Disciplinary Panel or Appeal Panel.

- (f) The period of any suspension pursuant to Regulation B3(b) (i) shall be 24 calendar months from the date of suspension of his Membership unless otherwise specified by the Chief Executive (which may be withheld in his sole discretion). A Member whose Membership is terminated pursuant to Regulation B3(b) (ii) shall not be eligible for reinstatement as a Member without the written permission of the Chief Executive (which may be withheld in his sole discretion) until the expiry of 24 calendar months from the date of termination of his Membership.

4. Non-Member Race to Dubai Points List

- (a) If a Player declines Ranked Membership for any one Official Season he will still be included in the Non-Member Race to Dubai Points List for that Official Season and be eligible for any of the related benefits from such inclusion based on his total number of points accumulated on the Non-Member Race to Dubai Points List, those being (i) ability to qualify for the DP World Tour Playoffs and (ii) eligibility for the season ending bonus pool as detailed on pages 120-121 of this Regulations Handbook.
- (b) If a Member that has taken a Playing Opportunity in the current Official Season through his Category resigns his Membership during any one Official Season, whilst he will still be included in the Non-Member Race to Dubai Points List for that Official Season, he will be **ineligible** for any of the related benefits from such inclusion detailed in (a) above.
- (c) If a member of one or more of the DP World Tour, Challenge Tour and Legends Tour: (i) is suspended or expelled from membership of one or more of those tours for breaching a respective Code of Behaviour (or the Integrity and Anti-Doping Policies), or (ii) has his Membership suspended or terminated due to a breach of the Minimum Counting Tournament Regulation; whilst he will still be included in the Non-Member Race to Dubai Points List, he will be ineligible for any of the related benefits from such inclusion detailed in (a) above during his period of suspension, or following his expulsion or termination of Membership for the period of ineligibility for Membership (if applicable).

Additionally, any player with an unpaid fine and/or an unserved suspension (including those subject to a pending appeal) imposed for breaching the Code of Behaviour (or the Integrity and Anti-Doping Policies) of one or more of the DP World Tour, Challenge Tour or Legends Tour will be ineligible for any of the benefits detailed in (a) above from his inclusion in the Non-Member Race to Dubai Points List.

- (d) A Challenge Tour Ranked Member's status on the Non-Member Race to Dubai Points list will be treated the same as that of an Affiliate Member with regards to the additional benefits available to them over and above a Non-Member. i.e. the possibility of (i) earning a Ranked DP World Tour or Challenge Tour Membership for the following Official Season; (ii) being eligible for qualification or selection for the next European Ryder Cup team; (iii) becoming exempt from the relevant qualifying stage of the DP World Tour Qualifying School; (iv) having an unrestricted number of tournament

invitations in the current Official Season; (v) being eligible for the Top 5 qualification from one tournament into the next. **Such a Member must however meet his minimum tournament obligation on the Challenge Tour** in the current Official Season to be eligible for these and the other related benefits derived from his ranking on the Non-Member Race to Dubai Points List.

5. International Golf Federation (IGF) - Nationality Policy

Certain changes have been made to the IGF’s Nationality Policy as it appears in these Regulations to ensure it is consistent with the language used in these Regulations and the nature of the DP World Tour and Challenge Tour (for example, references to ‘Athlete’ have been changed to ‘Player’ and sections relating to female Players have been removed). A full copy of the policy can be found at: <https://gsites.brightspotcdn.com/35/6c/dc06e2064b3389b07dcbc6fde55a/igf-nationality-policy-jan-2020.pdf> and in the event of any dispute in respect of the same, the IGF’s full unabridged version shall prevail over the version in these Regulations.

(a) General

Any Player in an International Golf Competition (Section (b)) must be a National of the country which the Player is representing or under which the Player is eligible for the competition.

The IGF publishes this Nationality Policy as it pertains to matters relating to the determination of the country which a Player may represent in an International Golf Competition listed below, and from time-to-time will advise sanctioning organisations of International Golf Competitions as to guidelines and standards on making determinations on a Player’s Nationality.

Each sanctioning organisation has adopted the IGF Nationality Policy and shares decisions based on nationality with the IGF and other sanctioning organisations. All matters relating to the determination of the country which a Player may represent in an International Golf Competition listed below shall be resolved by the sanctioning organisation for that event, in its sole discretion.

(b) International Golf Competitions

For the purposes of this policy, International Golf Competitions are as follows:

Men’s Competitions	Sanctioning Organisation
Eisenhower Trophy	International Golf Federation
Ryder Cup	PGA European Tour & PGA of America
Presidents Cup	PGA TOUR
Olympic Games	International Golf Federation
Youth Olympic Games	International Golf Federation
World Cup	PGA International Federation of PGA Tours

(c) Nationality

A Player will be considered a National of a country if the Player is a citizen of the country, as defined by the laws of such country.

A Player who is a National of two or more countries at the same time may represent either one of them, as the Player may elect. However, after having represented one country in an International Golf Competition, the Player may not represent another country unless first meeting the conditions set forth below that apply to persons who have changed their nationality or acquired a new nationality.

A Player who has represented one country in an International Golf Competition, and who has changed nationality or acquired a new nationality, may Participate in another International Golf Competition representing the new country provided that, as of the start of the qualification period for such event, at least four years have passed since the Player last represented his/her former country. This period may be extended, reduced or even cancelled, with the agreement of the sanctioning organisation, which takes into account the circumstances of each case and any applicable guidelines and standards provided by the IGF.

If an associated State, province or overseas department, a country or colony acquires independence, if a country becomes incorporated within another country by reason of a change of border, or if a country merges with another country, a Player may continue to represent the country to which the Player belongs or belonged. However, if the Player prefers, the Player may elect to represent the new country. This particular choice may be made only once for any other International Golf Event including future Olympic Games.

Furthermore, in all cases in which a Player would be eligible to Participate in an International Golf Competition, either by representing another country than his or by having the choice as to the country which such Player intends to represent, the sanctioning organisation may take all decisions of a general or individual nature with regard to issues resulting from nationality, citizenship, domicile or residence of any Player, including the duration of any waiting period, taking into account the circumstances of each case and any applicable guidelines and standards provided by the IGF.

Requests to change a player's nationality must be made through the International Golf Federation via email to info@igfmail.org. No nationality will be changed until authorised by the International Golf Federation.

(d) Countries and Continents

For the purposes of defining a country (or territory, if applicable) of which a Player is a National, the current list of National Olympic Committees as recognised by the International Olympic Committee will be used. For International Golf Competitions other than the Olympic Games and Youth Olympic Games, England, Scotland and Wales will be considered to be separate countries. For the purposes of defining the continent of Europe as it relates only to certain International Golf Competitions which either include all countries within Europe as a team or exclude all countries within Europe from a team, the following countries will be considered to be within Europe and not part of regions other than Europe:

Albania	Estonia	Liechtenstein	Russian Federation
Andorra	Finland	Lithuania	San Marino
Armenia	France	Luxembourg	Serbia
Austria	Georgia	North Macedonia	Slovak Republic
Azerbaijan	Germany	Malta	Slovenia
Belarus	Greece	Moldova	Spain
Belgium	Hungary	Monaco	Sweden
Bosnia and Herzegovina	Iceland	Montenegro	Switzerland
Bulgaria	Ireland	The Netherlands	Turkey
Croatia	Israel	Norway	Ukraine
Cyprus	Italy	Poland	United Kingdom
Czech Republic	Kazakhstan	Portugal	
Denmark	Latvia	Romania	

(e) Rankings

A Player should ensure that his nationality is correctly listed on the Official World Golf Rankings (OWGR). For the purposes of applying this policy, the Player will be presumed to be a National of the country listed on the OWGR, subject to verification in accordance with this policy. Any decisions taken related to a Player's nationality in accordance with this policy shall be referred by the IGF to the OWGR, who shall display the correct nationality of each Player within the rankings.

A Player eligible to Participate in an International Golf Competition by representing another country to the one previously represented (by either changing nationality or acquiring a new nationality) in accordance with this policy will only be eligible for International Golf Competitions for which the qualification period has not yet started unless otherwise allowed by the sanctioning organisation.

A Player eligible to Participate in an International Golf Competition by having the choice as to the country which such Player intends to represent in accordance with this policy will only be eligible for International Golf Competitions for which the qualification period has not yet started, unless otherwise allowed by the sanctioning organisation.

A Player who changes his nationality for an International Golf Competition prior to the qualifications and eligibility period beginning for such event, yet subsequently fails to qualify for the competition, is subject to the provisions of this policy including the time periods prescribed herein.

NOTE: If such Player has incurred irrecoverable costs based on him being advised that he was exempt into such Starting Field, and does not subsequently become exempt, these costs will be re-imbursed by the PGA European Tour. Exception: If such Player is now ranked in the entry list as First Reserve and agrees at any point to commit to travel in this position, as required by Regulation C5 he will not have such costs re-imbursed. If however the second reserve has incurred irrecoverable costs due to being incorrectly advised that he was First Reserve (and committed to travel) and does not subsequently become First Reserve or exempt into the Starting field, he will have these costs re-imbursed by the PGA European Tour.

- (f) Please refer to the Player Portal for the exact and most up to date eligibility Regulations for all tournaments.

3. Entry Regulations and Procedures

- (a) Entry Procedures
Any Ranked Member wishing to enter an Approved Tournament shall be required

to enter via the Player Portal for which they will have been sent unique log in credentials. Any Member not in possession of such log in credentials should contact the Competitions Administration team via email to: Compadmin@europeantourgroupp.com so such a login can be created for them.

- (b) **Confirmation of Entry**
A confirmation of entry notification will be sent to the player via the Player Portal and will contain written details of the particular entry or entries.
- (c) **Entry Closing Date**
Entries must be received by the PGA European Tour by 12 noon UK time on the closing date listed in the DP World Tour calendar and conditions section (normally Thursday, 14 days before the start of the tournament) in these Regulations.

NOTE

- (i) New tournament winners in any one Official Season will be required to commit to any tournament to which they have now become exempt scheduled in the following week, by 12 Noon UK time on the day following their win. For any other tournaments to which they have now become exempt and for which entries have already closed, they will be required to commit by 12 Noon UK time on the Saturday following their win.
- (ii) Members qualifying through the tournament Category for the "Leading available Ranked Member(s) not otherwise exempt ranked within the top 110 of the current Race to Dubai Rankings" are required to commit to the tournament to which they have now become exempt by 12 Noon UK time on the Monday immediately following the Race to Dubai Ranking Tournament after which such player(s) earned the right to be exempt in this Category.
- (iii) With regards to Members qualifying into the next Rolex Series tournament in the current Official Season through the tournament category for the "Leading available Member in the relevant Global Swing Ranking, not otherwise exempt", if the close of entries for the applicable Rolex Series tournament is prior to the conclusion of the relevant Global Swing Ranking, then a blank entry will be held back for such Member who will then be required to commit to the Rolex Series tournament to which they have now become exempt by 12 Noon UK time on the Monday of that tournament.
- (d) **Conflicting Internal Competition**
When a Player is exempt into both an Approved Tournament and a Challenge Tour tournament which are scheduled to take place in the same week, the Player must decide in which tournament he will Participate and must notify the Competitions Administration team of his decision by 1700hrs UK time on the Thursday prior to the week in which both the tournaments are scheduled unless otherwise communicated by the Competitions Administration team as may be the case towards the end of the Challenge Tour Season.

The Player will then be removed from the entry list of the other tournament. Any Player who becomes exempt into two tournaments which are scheduled to take place in the same week (as referred to above) after the above-mentioned deadline will be given 3 hours from being notified of this “conflicting exemption” to notify the Competitions Administration team of the tournament in which he will Participate. (Exception: If the Tournament Director for either tournament at any time imposes a shorter general response deadline in accordance with Regulation C4(b), this shorter deadline will apply).

Any Member in Categories 1-18 failing to notify the Competitions Administration team of the tournament in which he will Participate by the relevant deadline will be removed from the Challenge Tour tournament and will remain entered into the European Tour Approved Tournament which is scheduled to take place in that week. Any Member in Categories 19-21 failing to notify the Competitions Administration team of the tournament in which he will Participate by the relevant deadline will be removed from the Approved Tournament and will remain entered into the Challenge Tour tournament which is scheduled to take place that week.

(e) Entry Fee

The entry fee of £95 for any member of the DP World Tour, Challenge Tour or Legends Tour and £150 for any Non-Member or the amateur administration fee of £60, **must be paid before the registration deadline of the tournament in which the Player wishes to Participate.**

For Members: Failure to pay the entry fee (or to provide accurate details of a credit card from which the PGA European Tour can deduct such fee) by this deadline will result in the entry fee being doubled. Non-Members or amateurs will not be permitted to Participate in a tournament if the entry fee or amateur administration fee has not been paid by this deadline.

Note 1: In extenuating circumstance deemed reasonable by the Tournament Director, he has the sole authority to waive this Regulation.

Note 2: For tournaments co-sanctioned with the Challenge Tour, all participants will be required to pay the applicable fee as detailed above.

(f) Pre-Tournament Pro-Am

Entries for tournaments with a preceding pro-am will commit the Member to Participate in the pro-am (if invited) unless prior release is granted by the Tournament Director, in consultation with the tournament promoter. The entry list for each of these pre-tournament pro-ams will be published on the Player Portal. Members will only be contacted directly if subsequent withdrawals change their exempt status into such pro-am otherwise THE ONUS IS ON THE MEMBER TO DETERMINE WHETHER HE HAS BEEN SELECTED TO PLAY.

(g) **PLAYERS’ RESPONSIBILITY**

THE ONUS IS ON THE PLAYER TO MAKE SURE HIS ENTRY HAS BEEN RECEIVED BY THE PGA EUROPEAN TOUR BY THE CLOSING DATE, AND TO CHECK HIS CURRENT QUALIFICATION STATUS FOR EACH TOURNAMENT.

4. Opportunity to Participate

A Player who is entered for a tournament but only becomes exempt after close of entries and therefore eligible to play in such tournament will be contacted directly or left a message by the Competitions Administration team or a member of the field staff on his contact telephone number(s) provided on his Membership application. The Player is then responsible for confirming as soon as possible whether or not he is taking up this opportunity to Participate by contacting the Competitions Administration team or the mobile office.

- (a) Response Deadline: At any time after 12 noon UK time on the Monday of a tournament week the Tournament Director (having consulted with the Competitions Administration team and taken into consideration all relevant factors including travel times to the host country and venue), may impose a response deadline to an opportunity to Participate which will range from "immediate response required" to 3 hours subject to the timing of the opportunity to Participate becoming available. Any Player not responding to such a telephone call or message within these time frames will be removed from the entry list and the next eligible Player given the opportunity to Participate.

Note 1: For the above Players, this response deadline (when imposed) will override the registration deadline detailed in Regulation C7(a) below.

Note 2: The above Players are still required to conform with Regulation 7(b) below.

Note 3: Given the provisions of Regulation C4(a) above it is of **UTMOST IMPORTANCE** that any Player electing to travel AS A RESERVE to a tournament venue advises the Competitions Administration team of his intentions in case the period of travel coincides with his becoming exempt and the Competitions Administration team attempt to make contact accordingly.

5. Tournament First Reserve

When the Tournament Director imposes a response deadline on an opportunity to Participate (see Regulation C4(b)), the first reserve will be required to commit to travel to the tournament and to be on site for the first tee time until the last tee time of the first round.

If a Player in this position is not prepared to travel, he will be removed from the entry list and replaced as first reserve by the next eligible Player.

A Player who commits to travel as first reserve but then fails to register his presence with the DP World Tour office on site before the first tee time of the first round will be fined £1,200 under the Regulation 6(b) (i) (Absent on the tee).

6. Withdrawals

Prior to close of entries, all withdrawals from Approved Tournaments must be made via the Player Portal. After close of entries, all withdrawals must be notified direct to the PGA European Tour Competitions Administration team by phoning +44 1344 840471 or direct to the mobile office, or by email (Compadmin@europeantourgroupp.com). Players withdrawing by telephone must speak directly to the Competitions Administration team (and not leave a voicemail).

Pre-Tournament, after close of entries

- (i) Any communication received to withdraw a Player from a **Rolux Series Tournament** will not be treated as an official withdrawal until such intention

to withdraw has been discussed between a member of the Player Relations team and either the Player or his nominated manager.

So as not to impact the next reserve, should this discussion not be able to be facilitated immediately, the Competitions Administration team will seek guidance from either the Head of Competitions Administration or the Tournament Director as to how long to delay processing this withdrawal whilst awaiting the outcome of such discussion.

With respect to the application of any fine relating to a late withdrawal as defined in (ii) below, these will be applied in accordance with the date and time of the initially communicated intention to withdraw.

- (ii) Any Member, who is entered and exempt into an Approved Tournament in any Category other than 6 or 8 and who subsequently withdraws, will automatically forfeit his entry fee.

Note: If a Member (who is exempt) has to withdraw from two or more successive Approved Tournaments after close of entries for such tournaments and notifies the DP World Tour of all these withdrawals at the same time, he will only forfeit one entry fee. If such withdrawals (which may be for the same reason) are notified on separate occasions, the Member will forfeit the entry fee in respect of each Approved Tournament from which he withdraws.

- (iii) A Player who is entered and exempt into a Race to Dubai Ranking Tournament and whose communication to withdraw him from such tournament is received after **12 noon, on the Monday of the week prior to the tournament** will be fined as follows:

1. **Before 12 noon UK time on the Saturday prior to the tournament - £250.** Subsequent withdrawals prior to the Saturday deadline will result in a further fine or fines of this amount.
2. After 12 noon UK time on the Saturday prior to the relevant tournament and **before 12 noon UK time on the Monday of the tournament week - £500.**
3. **After 12 noon UK time on the Monday of the tournament week - £1,000.**

Note: Subsequent withdrawals after the Saturday deadline will be treated separately to subsequent withdrawals under 1. above. If a player who has already been fined under 2 or 3 above, has a second withdrawal after the Saturday deadline in the same Official Season, this will result in a fine of £1,500. This fine will double for each subsequent withdrawal after the Saturday deadline in that Official Season.

Exceptions:

- (a) A Player who becomes exempt after 12 noon UK time on the Saturday prior to the relevant tournament will only forfeit his entry fee and shall not be fined under this Regulation should he subsequently withdraw (but see further exception (b) below).

- (b) A Player who is presented with an opportunity to Participate, after 1800hrs UK time on the Monday of a tournament week, will not be fined or forfeit his entry fee should he subsequently withdraw (on the grounds of there potentially being insufficient time for such Player to travel to take up such an opportunity).
 - (c) If a Challenge Tour dual member who is on the reserve list of an Approved Tournament after close of entries subsequently becomes exempt into the Challenge Tour tournament being staged in that week and withdraws from the Approved Tournament in order to play in such Challenge Tour tournament he will not be fined even if he subsequently becomes exempt into the Approved Tournament.
 - (d) If a Member who is entered and Exempt into an Approved Tournament and on the reserve list of a PGA TOUR tournament or Major Championship after close of entries, subsequently becomes Exempt or receives an invitation into the PGA TOUR tournament or Major Championship being staged in that week and withdraws from the Approved Tournament in order to Participate in such PGA TOUR tournament or Major Championship, he will not be fined but will still forfeit his entry fee.
 - (e) With respect to (ii) above only, emergency reasons or medical circumstances deemed reasonable by the Tournament Director. Written evidence of medical circumstances must be forwarded to the Tournament Director or Competitions Administration team **within 21 days following the withdrawal**, for the DP World Tour to consider and determine the reasonableness of, otherwise the applicable fine will be imposed automatically. A Player withdrawing for this reason who was Exempt will still forfeit his entry fee. NB. Fatigue will not be considered a valid reason for withdrawing.
- (b) During Tournament
- (i) A Player who is absent on the tee or has failed to register by the registration deadline may be fined £1,200. It is emphasised that the only exception to this rule is for extreme personal circumstances as determined by the Tournament Director (in his sole discretion).
 - (ii) A Player is entitled to withdraw from a tournament at the conclusion of his 2nd or 3rd round provided that he informs the Tournament Director before close of play on the relevant day.
 - (iii) A Player is not entitled to withdraw at the conclusion of the 1st round or during the play of any round of a tournament. Exception: emergency reasons or medical circumstances deemed reasonable by the Tournament Director. Written evidence of medical circumstance must be forwarded to the Tournament Director or the Competitions Administration team within 21 days following the withdrawal. A Player not observing this Regulation will be fined £600, doubling up for subsequent offences.

7. Registration

- (a) All Players are required to register for each tournament using the Player Portal by 1400 hours local time or by the last pre-tournament pro-am tee time whichever is the later, on the day prior to the 1st round. Participation in the pre-tournament pro-am will also be recognised as registration.
- (b) Players who fail to meet the registration deadline will be removed from the draw and replaced with the first available reserve in order of eligibility.

8. Practice Regulations (On Course)

- (a) Practice shall be permitted in designated practice areas only and at designated times. Unless posted, practice starting lists will not operate on the main practice days but will operate where practice is available on the pro-am day. First and last practice times will be notified, however, and players are not at any time permitted to tee off before or after these times. Unless otherwise stipulated, all groups must start from the 1st tee.
 - (i) For the first 90 minutes of published practice times on the main practice days, (when either a 1 tee or a 2 tee start is in operation), only 2 balls will be permitted.
 - (ii) If play is suspended for a dangerous situation or in the event that such a situation (as signalled by the Chief Referee or Tournament Director) occurs outside the hours of play, Players must cease from using all practice facilities immediately.
Notification of all practice facilities re-opening after closure will be issued either by a member of the DP World Tour field staff or through the official notice board.
- (b) During practice rounds only one ball shall be in play with the following exceptions:
 - (i) If a Player misses the green with his shot to the green, he may play one additional shot.
 - (ii) Not more than three chip shots may be played from beside the green provided such practice does not damage the course.
 - (iii) Only one bunker shot may be played towards the green from a greenside bunker. All other practice bunker shots must be played away from the green.
 - (iv) Only three practice putts are permitted.
- (c) In any case, notwithstanding the above Regulations, no additional practice strokes shall be played if the group behind is waiting to play.
- (d) Practice chipping/putting on the course in between groups on pro-am day by Players not competing in the pro-am is PROHIBITED. The penalty for breach of any of the above Regulations is £300, doubling for subsequent offences.
- (e) When testing the surfaces of putting greens on the course during official practice

rounds, Players are PROHIBITED from using any artificial device.

- (f) When using any practice putting green, Players should take reasonable precautions to avoid causing damage to the turf. The use of any material for painted, pen or ink lines/circles that can potentially cause damage to the turf are PROHIBITED. "Snap chalk lines" are permitted, which are often easily removed and wash off with rainwater or irrigation. Players should avoid standing in one spot for prolonged periods of time without taking action to ensure that no damage occurs, e.g. standing on a towel.

9. Practice Range regulations - use by players missing the Cut

- (a) Players missing the cut are required to comply with the following policy, and irrespective of this, should **at all times give priority** to those Players preparing for their rounds on the weekend if the range is full.

Saturday:

Practice permitted until 2 & ½ hours prior to the last tee time and then not until after the final group has teed off.

Sunday:

Practice permitted until 2 & ½ hours prior to the last tee time. Practice after last tee time permitted in accordance with published range opening times but in most cases the range will close after the last tee time.

NOTE:

- (i) If a 3 ball 2 tee start is in operation on either day, then no practice for Players missing the cut is permitted before the last tee time.
- (ii) The Tournament Director has sole authority to amend this policy to take account of any local factors such as range size, expected use by such Players etc. and may designate an area specifically for such Players in addition to or as an alternative to the above.

10.Pre-tournament Professional/Amateur Events

- (a) **Practice:**
Practice strokes are NOT permitted during a pro-am (Rule 5.5) Exception: Practice chipping and putting around the green of the hole last played is permitted **ONCE THE HOLE HAS BEEN COMPLETED BY ALL PLAYERS IN THE TEAM BUT ONLY IF THE TEAM BEHIND IS NOT WAITING TO PLAY.** Penalty for non-observance: £600 doubling for subsequent offences.
- (b) **General conduct and coaches inside the ropes:**
Given the importance to Tournament sponsors of the pre-tournament pro-ams, Players are at all times expected to engage with their amateur partners in a manner that will ensure a positive experience for them on the day. If a Player's coach walks inside the ropes with his Player, both the Player and his coach are required to comply with this regulation and the Player shall be responsible for the coach with respect to his compliance with this Regulation. Failure to comply with this Regulation shall be a breach of the Code of Behaviour.

(c) **Tournament Tee Times Following Pro-am**

14 Hour recommended guideline: For a shotgun start pro-am, a player will be given 14 hours between completing the pro-am and their 1st round tee time. It is assumed the pro-am will be no longer than 5 hours.

Examples:

- Finish time 1800 hrs – Round 1 tee time will not be before 0800 hrs
- Finish time 1830 hrs – Round 1 tee time will not be before 0830 hrs
- Finish time after 1830 hrs – Rounds 1 & 2 tee times will be LATE/EARLY

Last Hour recommended guideline: For a 1 or 2-tee start pro-am; in the event of a player being in the last hour of tee times, they will not be given an AM start time on Thursday.

(d) **Releases:**

A release may be requested from a pre-tournament pro-am, as long as it is submitted to the Tournament Director **prior to the pro-am field being published for that tournament**. The maximum number of releases per season is two. Release requests will require the approval of the relevant tournament promoter in discussion with the Tournament Director and will generally only be given in exceptional circumstances and will not be granted retrospectively.

NOTE: This Regulation applies to all Players whether they are exempt into the pro-am via the selection criteria or are “invited” by the tournament promoter.

(e) **Withdrawals:**

- (i) Any Player who withdraws from a pre-tournament pro-am without an approved release will incur an **automatic fine** of £600, doubling for subsequent offences. For clarity, a Player is deemed to withdraw from the pro-am if the full requirements of the obligation have not been completed (e.g., completed 9 or 18 holes as the format is defined within the applicable tournament conditions). **Exception:** If the reason for such a withdrawal leads to a withdrawal from the tournament itself prior to the first round.
- (ii) Any Player who withdraws from a pre-tournament pro-am or is absent on the tee on the pro-am day will not be permitted to use any practice facility or practice on any course/piece of land at the tournament venue for the entire day of the pro-am, irrespective of whether that Player has been fined for his withdrawal from the pro-am or absence on the tee. Penalty for non- observance £600, doubling for subsequent offences.
- (iii) A Player who is absent on the tee will be fined £1,200. It is emphasised that the only exception to this rule is for extreme personal circumstances as determined by the Tournament Director (in his sole discretion).

NOTE: Nothing in this Regulation precludes a Player from being fined for a late withdrawal from a tournament under the terms of Regulation C6.

(f)

Reserves:

For Wednesday pro-ams, the following will be published at 1700hrs local time on the Monday of the tournament week. For Tuesday pro-ams this will be published at Monday 12 noon local time.

(i)

On Site Reserves

Two "On Site Reserves" will be nominated for each section/shotgun. These will be the highest ranked reserves who have not already been an "On Site Reserve" during the Official Season, or if all reserves have been an "On Site Reserve" during the Official Season then this will be the highest ranked reserves who have only fulfilled this role once during that Official Season. Where there are morning and afternoon sections/shotguns, "On Site Reserves 1 and 3 will be allocated to the morning section/shotgun and On Site Reserves 2 and 4 will be allocated to the afternoon section/shotgun. They will stay in this role irrespective of withdrawals¹ before the pro-am. ('Exception: any withdrawal taking place after 1800hrs on the evening before an AM section/shotgun or within one hour of the start of a PM section/shotgun, when such a withdrawal will be replaced by the highest ranked "On Site Reserve").

The "On Site Reserves" must be ready to play if required from the first tee time of their section until all groups in their section have played 9 holes. For a shotgun start, the requirement will be for the "On Site Reserves" to be in position twenty minutes before the shotgun and for the first two and a half hours of play following the shotgun.

NOTE: No Player will be asked to act as an "On Site Reserve", more than twice during an Official Season, (unless all other Members below them on the reserve list have also acted in this capacity twice during the Official Season). Additionally, any "On Site Reserve" will be paid the same fee (if applicable) as the other Players participating in the pro-am irrespective of whether he plays or does not play. Any player withdrawing either prior to or during the pro-am will not be paid any such fee.

(ii)

9 Hole Pro-am Reserves

Two "On Site Reserves" will be nominated for each block of start times in the 2-tee start of a 9 Hole pro-am. These reserves will be nominated as per the normal regulations, however for a 9 Hole pro-am, these reserves must be available until the tee times (or section of tee times) they are covering have played all 9 holes.

(iii)

Leading 6 Reserves

Having allocated the "On Site Reserves" as defined above, the remaining 6 highest ranked reserves will then be allocated. Where there are morning and afternoon sections/shotguns, reserves 1, 3 and 5 will be allocated to the morning section/shotgun and reserves 2, 4 and 6 will be allocated to the afternoon section/shotgun. Any Player can appear within these 6 reserve positions, irrespective of whether they have already been an "On Site Reserve" earlier in the season. All such reserves will be required to replace withdrawals as necessary in their allocated section of the draw

up until 1800hrs on the evening prior to an AM section/shotgun and up until one hour before the start of a PM section/shotgun, after which any withdrawal will be replaced by the highest ranked "On Site Reserve". Failure to fulfil the obligations as laid out in (i) and (ii) above will result in a fine of £600. It is the Player's responsibility to know his place on the reserve list at any time.

(g) **Practice Range:**

For a period of one hour prior to transportation for any shotgun start pro-am, the use of all practice facilities is restricted to competitors in that pro-am only (professional and amateur).

For all other pro-am formats, the Tournament Director is authorised to either close or restrict access to the practice range for non-pro-am competitors in his absolute discretion to ensure that all pro-am competitors (professional and amateur) have sufficient opportunity to practice before their tee time.

(h) **Pro-am Lunch or Breakfast:**

If invited to do so by the promoter and proper notification through either the official notice board or individual invitation has been given, all participating professionals are expected to attend either the pro-am breakfast or lunch with their amateur partners.

(i) **Prize Giving:**

(i) **For prize-givings conducted prior to 1700hrs:** (e.g., For AM shotgun starts or for AM sections of 2 tee start pro-ams with 2 separate prize givings). Only the leading Player in the team event shall be required to attend.

(ii) **For prize-givings conducted after 1700hrs:**

If professional representation is required by the tournament promoter at such prize-giving function, when the first entry list is published for the pro-am, one of the pro-am professionals in the PM section will be nominated to attend the prize giving and shall be required to represent the professionals. In these instances, the leading professional will not be required to attend (although his attendance will nevertheless be appreciated). No professional will be asked to fulfil this role more than once in an Official Season and in each case (with the exception of a Tuesday pro-am) such nominated professional will be allocated a PM starting time for the first round of that week's tournament.

Penalty for non-attendance at the prize-giving function is £600, doubling for subsequent offences in the same Official Season.

11. Sponsor Added Value Activity (SAVA)

When requested to do so by a member of the Player Relations Department, Players are required to participate in SAVAs on the following basis:

- (i) No Player will be required to participate in more than 5 hours of SAVA in any one Official Season.

- (ii) Players will be advised of their obligation under this regulation as follows:
Monday or Tuesday activity – 2 weeks prior to the tournament
Wednesday activity – the week prior to the tournament
Thursday & Friday activity – within 4 hours of the 1st & 2nd Round Tournament Draw being published
Saturday activity – within 2 hours of the 3rd Round Draw being published
NOTE: Players may be assigned a SAVA obligation after these deadlines but only with the Player's agreement.
- (iii) Attendance at functions for Official Pro-ams or activities for which a Player is receiving payment or any other benefit in kind do not constitute a SAVA.

The penalty for failure to attend or for late attendance at a SAVA session is £600, doubling for subsequent breaches in the same Official Season.

12. Terms of competition and Local Rules

All Players should secure a copy of the DP World Tour Terms of Competition and Local Rules card. (Copies are available on the Player Portal or on the starting tees at all Race to Dubai Ranking Tournaments). This explains any rule that affects or modifies a Rule of Golf. They are not reprinted herein as they are subject to change and alteration.

- (a) Rules governing play shall be:
 - (i) The current R&A Rules of Golf.
 - (ii) The current DP World Tour Terms of Competition and Local Rules.
 - (iii) The Local Rules of the host club, as approved by the Tournament Director or Chief Referee.
- (b) In exceptional circumstances the Chief Referee or Tournament Director may declare part of the competition course as a practice area.
- (c) **Transportation requests**
 The R&A's Model Local Rules state that 'during a round, a player or caddie must not ride on any form of motorised transportation except as authorised or later approved by the Committee'. As a general rule, players and caddies must walk the course at all DP World Tour tournaments, or any stage of the tournament. Where a player seeks authorisation to use motorised transportation in the tournament, the Tournament Championship Committee will consider requests by players made in accordance with the Transportation Policy, available from the Tournament Director.

13. Player Equipment

(a) Player Equipment

Players competing in Approved Tournaments must use equipment that conforms to the Rules of Golf, specifically laid down in the R&A Equipment Rules. For reference the most common of these are also laid down on the DP World Tour Local Rules and Terms of Competition Hard Card.

If a Player fails to check whether his equipment has been submitted prior to competition, he assumes all risk of a ruling that equipment does not conform to the Rules of Golf (for those items not covered by the conforming lists). Additionally, if required by a DP World

Tour Rules official, a Player is obligated to surrender any equipment if it is determined that additional off-site testing is necessary to rule on conformity. Failure to do so will be regarded as a breach of this Regulation and if further breaches of this regulation occur the player may also be regarded as breaching the Code of Behaviour.

(b) Driver Testing Programme

All Players are required to comply with the below Testing Programme as a condition of entry into the tournament where testing is taking place. If a Player is selected for testing but declines to provide the required driver(s) for testing, he will be removed from the entry list/draw for such tournament.

- This Testing Programme is in place to check the conformity of driver heads by measuring the spring-like effect of the heads.
- All testing will be carried out by R&A Equipment Standards Staff, (on behalf of the PGA European Tour), using a pendulum device in accordance with published R&A test protocols.
- Testing will only be carried out on non-competition days.
- Player selection will be primarily based on current data surveys to obtain a representative sample of drivers currently in regular use on the DP World Tour.
- Clubs will generally only be tested where the relevant manufacturer has an equipment truck present.
- Any Player in the field for a tournament is liable to be selected, although testing is likely to be spread across a broad section of the DP World Tour membership during the season.
- Players will be advised that the driver(s) that they intend to use for that event has been selected for testing no later than Monday of the tournament week. This notification will be done directly with the player, although the Player's caddie and/or relevant equipment supplier may also be notified. (Testing of a club normally takes around 15 minutes).
- If a player carries more than one driver (or driver head), each should be submitted for testing if there is a possibility that any one of them will be used during the tournament.
- The player, or their nominated representative, should present the driver(s) for testing.
- The R&A will record the result of the testing (Characteristic Time), advise the player (or their nominated representative) and the PGA European Tour of the test outcome. Upon request, manufacturers may also be advised of the results of any of their equipment which has been tested but will not be advised of the testing results of any other equipment.
- Characteristic Time values of a driver are measured in microseconds (μ s) and fall into one of the following categories:
 1. **239 μ s or less** - The club is conforming and may be used in subsequent rounds.
 2. **More than 239 μ s but not exceeding 257 μ s** - The club is conforming and may be used in subsequent rounds, but **the result is within the published tolerance**. This means that during any subsequent testing there is a higher likelihood that the club, when tested, may exceed the limit plus tolerance. Continued usage of the club could further increase the likelihood that the club will exceed the limit plus tolerance.
 3. **More than 257 μ s** - The club is deemed to have been damaged into a non-

conforming state and as such **may not be used** in subsequent rounds.

- The serial number of any driver head undergoing testing may be recorded, however the serial number of each club with a Characteristic Time greater than 257 μ s will be recorded.
- The Characteristic Time value recorded will be treated as the “official” test result and any previous results on the same pendulum device or any other device will be disregarded. There is no appeal for any club that is deemed to have been damaged into a non-conforming state.
- A player whose driver head is deemed to have been damaged into a non-conforming state and who intends to replace that club, will be required to submit any such replacement for testing. Failure to do so will be regarded as failure to comply with the Testing Programme.
- Driver heads which are deemed to be damaged into a non-conforming state may be retained and the relevant manufacturer will be notified accordingly. The R&A may also assist in communicating directly with the manufacturer (on site or otherwise) to resolve any issues which arise.
- At the conclusion of all testing at any given tournament, The R&A will provide the PGA European Tour with a summary of all testing completed that week. This will remain strictly confidential and will not be published or posted in any way.

14. Pace of Play

Principles

These Pace of Play Regulations are administered by the DP World Tour Rules Committee (the “Committee”) at each Tournament. Full Pace of Play records for each Player are available on their Player Portal.

Rule 5.6b(3): Committee Pace of Play. To encourage and enforce prompt pace of play, the Committee has adopted the following Policy.

Rule 6.4b(2): Playing Out of Turn in a Safe and Responsible Way (“Ready Golf”). Players are expected to be ready to play when it is their turn to play and otherwise play “Ready Golf”, and the guidelines below apply to all strokes.

A. Maximum Allowable Time

The maximum time the Committee considers necessary for a group to complete its round.

- i. The time begins at a player’s assigned tee time, or if the tee time is delayed, at the adjusted tee time.
- ii. All time associated with playing the game, including course difficulty and walking distance, is included in the maximum allowable time.

The Chief Referee will determine the maximum allowable time for the round at each tournament, for play in both 3-balls and 2-balls. The time allowed for the round will be divided up into 18 individual hole times using the following guidelines as a starting point:

	3-ball base schedule	2-ball base schedule
Par 3 holes	11 minutes	9 minutes
Par 4 holes	14 minutes	12 minutes
Par 5 holes	18 minutes	15 minutes

Additional time will be added to holes where a walk from the previous green to the next tee is involved and this walking time will be considered in the time given for each hole. Time will also be added for particularly difficult or long holes. Time will not be added to holes for waiting when they are likely to be reachable in fewer strokes than 'regulation', i.e. reachable par 4's and 5's, however this wait time is considered by the Committee in applying the policy.

A full breakdown of the maximum allowable time (the timing schedule), will be displayed on the reverse of the daily pin positions sheet and will be available on the Player Portal.

B. Definition of "Out of Position"

A group is Out of Position when it has completed play of a hole (meaning that the ball of the last player to hole out has been removed from the hole) later than the maximum allowable time given, and, for groups other than the first group in each session of starting times, it has not maintained the starting interval with the group ahead of it.

While the above is the strict definition, for additional guidance a group will likely be Out of Position if it:

- i. Reaches a Par-3 that is clear of play and all players in the group ahead have played their strokes from the teeing area of the next hole.
- ii. Reaches a Par-4 that becomes clear of play before all players in the group have played their strokes from the teeing area.
- iii. Is approximately 100 yards (or less) off the tee when the group ahead clears play of the hole on a reachable Par-5.
- iv. Has not reached their tee shots when the group ahead clears play of the hole on an unreachable Par-5.

If a ruling, ball search or another legitimate delay occurs, that group is expected to regain its position within a reasonable time.

C. Excessive Stroke Time (EST)

Excessive Stroke Times apply when a player exceeds:

- i. 80 seconds for the first player in a group to play a stroke,
- ii. 70 seconds for subsequent players in a group to play a stroke.

At any time, if a player is observed by the Committee to take more than the above times (plus a 5-second tolerance) to play a stroke without a valid reason, they will be notified of the EST. The player will be informed as soon as practicable by the referee and may be timed individually regardless of the group's position. Excessive stroke times must be observed by a referee on-course and in-person. However, the Committee may choose to confirm the EST with the assistance of video footage.

D. Monitoring and Timing

Monitoring and Timing are the individual timing of all players' strokes to prevent players from exceeding the time limits detailed below (see section E) and to assist a group in regaining its position on the course.

Any group which is found to be Out of Position, for any reason, will be subject to Monitoring (or Timing) at the discretion of the referee. Monitoring and Timing

can occur on any hole, including finishing holes of a round. The Chief Referee will be responsible for determining whether Monitoring or Timing should be employed in cases where a referee is in doubt. This decision will be made on balance of all evidence, including the pace of play of the group (and individual players in the group) up to that point in the round, whether players in the group appear on the Watch List and any other relevant factors in the opinion of the Chief Referee.

Unless the Chief Referee deems otherwise a player (or all players in a group) that is being monitored will have that session revert to timing in any of the following circumstances:

- i. After 3-holes of Monitoring;
- ii. If a player is assessed a bad time;
- iii. If a player records two individual stroke timings that exceed the time limit for the stroke but are within the 5-second tolerance;

Players will not be notified when they move from Monitoring to Timing. If a group that has been monitored once in a round falls out of position for a second time in the same round, the group will be timed. In exceptional circumstances the Chief Referee may determine that Monitoring may continue until 3-holes of monitoring for the round have been used up, or sanction additional holes of Monitoring. This session will count on the Season Timing List.

At the discretion of the referee, Monitoring may be suspended temporarily (such as on a reachable Par 5). If the group is not in position on completion of that hole or when leaving the teeing area of the next hole, the session will continue.

Players in a group which has regained position after being timed, but are subsequently timed again in the same round, will have both sessions of Timing count on their Season Timing List.

The Committee will inform players that they are being Monitored (or Timed) at the start of a session but will not usually inform players that they have regained position and are no longer being Monitored or Timed.

Timing sessions accumulated throughout the season are subject to monetary fines.

E. When the Clock Starts and Time Limits for the Stroke

Provided the player is acting in accordance with Rule 5.6b(1) Pace of Play Recommendations:

Except on the putting green, the timing of a player's stroke will start when it is the player's turn to play, and the player can play without interference or distraction. Players will be allowed reasonable time to calculate their yardage. Time spent interpreting yardage, determining club and other conditions (such as wind) will count as time taken for the next stroke.

On the putting green, the timing of a player's stroke will start when it is their turn to play, they are able to play without interference or distraction and they have had reasonable time to complete the actions allowed under Rule 13.1. Time

spent surveying the line of play from any angle or position will count as time taken for the next stroke.

A player is permitted a maximum of 40 seconds to play a stroke. An additional 10 seconds (for a total of 50 seconds) will be permitted for the first player in the group to play:

- i. A stroke on a par-3;
- ii. A second stroke on a par-4 or par-5;
- iii. A third stroke on a par-5;
- iv. Around the putting green;
- v. On the putting green.

During Monitoring or Timing, an additional 5-second tolerance will be given to the above times allowed.

F. Pace of Play Penalties and Bad Times

If a player, while being Monitored or Timed, is observed by a referee to take more than the above times to play a stroke (see section E), they will incur a Bad Time. The player will be notified as soon as practicable by the referee and cannot receive a second Bad Time before being notified of the first.

Bad Times are carried forward for the remainder of the tournament. For example, a player who gets a Bad Time in round one will get a one stroke penalty if they incur a second Bad Time either later in round one or during any subsequent round of that competition.

A player who records three individual stroke timings during the round that exceed the time allowed to make a stroke but are within the additional 5-second tolerance, will be assessed a Bad Time. Following a Bad Time, the 5-second tolerance count resets to zero.

The following are the penalties for Bad Times, in sequence under the "Hard Card", DPWTLR 17:

- | | |
|---|-------------------------------|
| i. First bad time during the tournament | No Penalty |
| ii. Second bad time during the tournament | One stroke penalty |
| iii. Third bad time during the tournament | Additional two stroke penalty |
| iv. Fourth bad time during the tournament | Disqualification |

Note: When monitored or timed, if a player exceeds the times associated with an excessive stroke time (see section C), they will immediately incur a one-stroke penalty, in addition to those above.

G. Time Extension

Whilst being Monitored or Timed, a player (or their caddie) may request one Time Extension per round. A clear signal requesting the Time Extension must be made to the referee before the expiration of the time limit for the stroke concerned, including within the additional 5-second tolerance, but the request cannot be made after this, or retrospectively. This Time Extension entitles a player to an additional 30-seconds over and above the time limit for the stroke (as in E

above), before a Bad Time will be assessed.

When a Time Extension is requested in a timely way and the player exceeds the EST limits described in section C, a Bad Time will be assessed but the **one-stroke penalty** will only be activated if the player exceeds 110 seconds (first to play) and 100 seconds (second or third to play).

The player is allowed a 5-second tolerance when time extensions are used.

H. Watch List

Players achieving the following milestones will be added to the Watch List and will remain on this list for the duration of the Official Season:

- Any player fined under the Pace of Play Regulation from the preceding season.
- Any player who records at least 25 sessions of monitoring during the preceding season.
- Any player who is fined under the Pace of Play Regulation during the current season.
- Any player who records 25 sessions of Monitoring during the current season.

Players named on the Watch List will have the following privileges revoked for as long as they appear on this list:

- The player may not request a Time Extension while being monitored or timed.
- The player will have their EST limits (see section C) reduced by 15 seconds to;
 - i. 65 seconds for the first player in a group to play a stroke,
 - ii. 55 seconds for subsequent players in a group to play a stroke.

Players achieving Watch List status on DP World Tour but playing the following season on Challenge Tour will also appear on Challenge Tour Watch List for the following official season.

Players achieving Watch List status on Challenge Tour will also appear on the DP World Tour Watch List, including graduates to DP World Tour.

ADMINISTRATION AND FINES

Full Pace of Play records for each player are available via their Player Portal, including a copy of the current Watch List.

Appeals involving a one-stroke penalty must be made before a player returns their scorecard to the Committee.

N. Co-Sanctioned Pace of Play Policies, Majors

The Official Season comprises many tournaments where the above policy will not be used, and instead a co-sanctioned policy, or policy specific to a particular tournament/championship/Major will be used. In such cases, the following applies:

- 'Official Pace Warnings' will be counted as a session of monitoring on the Season Monitoring List.
- Timing sessions will be recorded on the Season Timing List.
- A group will need to be timed for a minimum of 2 holes for the session to count on the Season Timing List.
- Stroke penalties will apply based only upon the rules of the tournament being played.
- The Watch List will not apply.

Note: Pace of Play activity records from Majors will not be recorded.

O. Carry Forward Financial Penalties

A player who is in breach of sections J, K or L of this Regulation during an Official Season and was also fined under the equivalent section in previous Official Season(s) will have their fine for the current Official Season increased in corresponding increments of 2x, 3x, 4x, 5x, 6x and so on, based on fine levels in the current Official Season.

15. Play Foreshortened, Suspended or Cancelled – Guidelines

- (a) If, in the judgement of the Tournament Director or Chief Referee, adverse weather conditions or any other occurrence beyond the control of the PGA European Tour renders the commencement or continuation of the tournament impracticable, play shall be postponed until such time as the Tournament Director or Chief Referee, after consultation with the tournament sponsor(s), considers that play can be continued.

The Tournament Director has absolute discretion to implement whatever procedures he considers necessary in order to ensure the continuation and completion of the tournament. Where possible, the following **guidelines** will be considered:

(i) Rounds 1, 2 and 3

As a general principle, once a stroke has been played it shall count towards the calculation of final scores.

(ii) Final Round

- (a) If the final round cannot be finished by all Players, then a result will be declared over that number of rounds completed by all Players.
- (b) Play may be **continued** to a fifth day if it is practicable.
- (c) In exceptional circumstances the final round may be scheduled on the fifth day.
- (iii)** (a) Bearing in mind that the prime objective on all occasions is to complete the stipulated 72 holes within the four days, the 36-hole cut may be reduced based on the following guidelines: If the only format possible to complete the remaining 36 holes within the four days is a two tee start, then the cut may, if necessary be adjusted to achieve a maximum of 78 Players. If however the remaining 36 holes are required to be played on the final day, then the cut will be reduced to the Players who are ranked within the first 50 professionals and ties after the conclusion of the first 36 holes.

NB. As the above decision cannot be taken until the number of Players making the cut has been confirmed, the Tournament Director is not required to give any advance notice of such a reduction in the cut.

- (b) In the event that 72 holes is deemed unattainable in the time

available, then completion of 54 holes will become the prime objective. To achieve this, a cut may be introduced after 18 holes based on the guidelines in paragraph (iii) (a) above.

- (c) In the event of any such reduction in the cut, professionals eliminated who otherwise would have played in the final 36 holes shall receive Official Money only (i.e., no reserve money) and Race to Dubai Ranking Points in accordance with their respective positions.

(b) Suspension of Play

- (i) If during a tournament it becomes necessary to suspend play, 3 short blasts will be sounded on a klaxon or notification will otherwise be communicated to the Players. On being advised of suspension, Players may either cease play immediately OR complete the hole they are playing. Players must not play any shot from the teeing ground unless any Player in his group has commenced play on the hole.
- (ii) If during play it becomes necessary to suspend for a dangerous situation (e.g. lightning), Players must discontinue play immediately. A suspension for a dangerous situation will be signalled by a prolonged note of the klaxon.

(c) Resumption of Play

As soon as conditions allow play to be resumed, 2 short blasts on the klaxon will be sounded or notification otherwise communicated to the Players. On being advised of resumption, play will be resumed immediately by all Players on the course.

(d) Prize money & Race to Dubai Ranking Points

In the event of the curtailment or cancellation of a tournament, prize money distribution shall be at the sole discretion of the PGA European Tour. Race to Dubai Ranking Points distribution will be as follows:

Less than 36 holes:	no points
36 holes:	75% of points
54 holes:	100% of points

(e) Status of cancelled or postponed tournament

When a tournament is cancelled or postponed for any reason, after the close of entries only, it will be regarded as a Counting Tournament for all Members appearing on the entry list within the cut-off point at time of cancellation or postponement. For such Members, if a postponed tournament is re-scheduled during the same Official Season, it will not be regarded as a further Counting Tournament for those such Members who Participate in the re-scheduled tournament. If a cancelled or postponed tournament was originally scheduled in the same week as another Race to Dubai Ranking Tournament, any such affected Member who instead participates in the other tournament scheduled in that same week, will not have the cancelled or postponed tournament count as a Counting Tournament.

16. Use of Tournament Facilities by Non Participants

Any Player (other than an immediate tournament reserve), not Participating in the tournament in question will not be entitled to use the tournament facilities e.g. practice range, Players' lounge, other than in exceptional circumstances, and as authorised by the Tournament Director.

17. Official Recorders and Performance Data

- (a) Players must co-operate when asked for details of their scores by the official recorders on the course. Official recorders include scoring officials, live scorers and television recorders on the course.
- (b) Players must co-operate with the performance data programme (being the PGA European Tour's official statistics programme), if no other parties are available. (see also Regulation C20(xii)). Penalty for non-co-operation: £600, doubling up for subsequent offences.

18. Media and Public Relations

- (a) The favourable public reputation of the PGA European Tour and its tournaments are valuable assets and create tangible benefits for all Members. Accordingly, it is an obligation of Membership for each Member to refrain from making any statement or comment in any language, which is or may become public, whether via television, radio, newspaper, magazine, periodical, book, the internet (including social networking websites such as Twitter and Facebook) or any other medium or means which the Member knows, or ought reasonably to know, will or is likely to:
 - (i) constitute an attack on, disparage, harm or be otherwise prejudicial to the reputation or interests of any tournament sponsor, promoter, fellow competitor, the PGA European Tour (or any division of it), or any of its officials or the game of golf in general;
 - (ii) be an unapproved disclosure of any confidential information of any tournament sponsor, promoter, fellow competitor, the PGA European Tour (or any division of it), or any of its officials; or
 - (iii) prejudice or implicate any fellow competitor in disciplinary or legal proceedings. For the avoidance of doubt, responsible expressions of legitimate disagreement with PGA European Tour policies are not prohibited.

Any contravention of this Regulation shall be a breach of the Code of Behaviour.

- (b) To ensure maximum goodwill, it is essential that Members make every effort to support all public relations and media activities which among other things include compliance with reasonable requests from the tournament press officer to attend the press/media centre to co-operate with the media immediately following completion of a tournament round.

19. Standard of Dress

- (a) During any Approved Tournament, when engaged in any official activity at the venue including but not limited to; competing, practicing, media obligation,

 - Players missing the cut and using practice facilities at the weekend: NOT PERMITTED
 - Competition rounds where extreme Temperature/humidity is forecast or where shorts are otherwise requested to be worn by the host organising committee/Tour: PERMITTED in accordance with the NOTE below.

Where the DP World Tour forecast issued from the day prior to the first round onwards is for the "Heat Index" to be in excess of 100 degrees Fahrenheit, for any of the 4 rounds - shorts for Players will be permitted for all rounds. At co-sanctioned events, where the host Tour may operate a different definition for when shorts can be worn, either this policy or the above heat index policy will apply by advance mutual agreement with the co-sanctioning Tour. **Exception:** The above Shorts Policy in competition rounds will not apply in (i) Rolex Series tournaments unless otherwise authorised by the Chief Executive, and in (ii) the Ryder Cup.

- (iv) **Footwear:** Flip-flops or similar are NOT acceptable.

- (b) At other times e.g. when using the Player Lounge, the above guidelines do not apply.

In all cases the Tournament Director will have final authority on interpreting the guidelines in (a) above or amending the provisions of (b) above should local custom or similar require such amendment.

Penalty for non-observance: £600, doubling up for subsequent offences.

20. Caddie Regulations

Caddies are the responsibility of the Player employing them. Any breach of the following Regulations by a caddie will be deemed to be a breach by the Player employing him at the time. Such a Player may be required to pay a minimum penalty of £300 doubling up for subsequent offences:

- (i) Caddies are not permitted to wear jeans or sandals, and when wearing shorts must observe the regulations agreed between the PGA European Tour and the European Tour Caddies Association. Caddies must also wear

Caddies shall not during a tournament wear or display any advertising material which, in the opinion of the relevant Tournament Director, may embarrass a sponsor or place in jeopardy the conduct of a tournament.
 - (c) **NOTE** –Caddies are required to wear and display the appropriate caddie “bib” or uniform for the duration of each round of the tournament. NB. For the purposes of this Regulation, a round is not deemed to have been completed until all Players in the group have completed the final hole and left the final green.
 - (iv) The Media Rights (as defined in Regulation E5) are owned by and vest in the PGA European Tour.
 - (v) The Media Rights include the irrevocable right to use any caddie’s image, performance footage, interview or verbal contribution captured as part of the Media Rights in the relevant Tournament to the extent and howsoever necessary for PGA European Tour to exploit the Media Rights as anticipated by this Regulation C20 and/or E5 (but for the avoidance of doubt does not otherwise affect the caddie’s rights as an independent contractor in respect of their own image except as set out in these Regulations, including Regulation E5 below).
 - (vi) The use or exploitation of any Media Rights by caddies without the express prior written approval of the PGA European Tour is forbidden. To the extent that any such Media Rights are produced or created by any caddie, he or she shall assign or shall procure the irrevocable assignment of, such Media Rights to the PGA European Tour at no cost to the PGA European Tour.
 - (vii) No caddie shall enter into any agreement that has the effect or purported effect of assigning or licensing Media Rights to any party other than PGA European Tour or which in any way interferes with the PGA European Tour’s ability to collect and exploit the Media Rights in any territory.

“Promotion of” means entering into any oral or written arrangement or agreement with a golf tour, tournament organiser, promoter, sponsor or agent under which the Member (which includes the PGA European Tour where it acts in either or both capacities) agrees to (a) Participate in any Conflicting Tournament and/or (b) carry out any personal appearance, participate in any press conference or interview, make any positive public statement in connection with such Conflicting Tournament (including confirming that he will Participate in it) or grant the right for the Member’s image to be used to advertise, promote or endorse such Conflicting Tournament and

“Tournament Week” means in relation to an Approved Tournament, the period beginning on the day (normally Tuesday) that is two days in advance of the first round of such Approved Tournament, up to and including the day of the final round of such Approved Tournament (normally Sunday);

1. Conflicting Tournaments (including Guidelines for release)

(a) General

The PGA European Tour recognises the individual rights of all Members operating as independent contractors. The PGA European Tour therefore confirms to all Members that at no time will it hold out to tournament sponsors or promoters the guaranteed appearance or entry of any individual Member. As a general principle, the PGA European Tour will not unreasonably seek to restrain its Members from Participating in certain golf tournaments or events which are not sanctioned by the PGA European Tour, nor from engaging in independent commercial activities provided that these do not risk unreasonably interfering with the commercial interests or reputation of the PGA European Tour, nor affect the Member’s Participation in Counting Tournaments.

(b) Legitimate Aim

Notwithstanding the above, the PGA European Tour requires those Members referred to in Regulation E1(c) below to comply with the Conflicting Tournaments Regulations set out in this Regulation E1. Compliance with this Regulation E1 by Members is required to ensure that the PGA European Tour will remain in a position to fulfil, at all times, the expectations of its tournament sponsors, promoters and broadcast partners who support the PGA European Tour and its Members by providing playing opportunities and financial opportunities to enhance Members’ professional golfing careers. In particular each Member acknowledges the collective obligations of the PGA European Tour to provide representative fields to encourage promoters to provide competitive prize funds and playing opportunities for the benefit of Members.

(c) Application for Permission

Members who fulfill the criteria listed in paragraphs (i) - (xx) of Regulation B2(a) above (and in relation to those specific weeks in any one Official Season when the Abu Dhabi Championship and DP World Tour Championship are due to be staged, any Members) who are eligible to Participate in one or more DP World Tour Tournaments, shall not Participate (or allow or agree to the ¹Promotion of their Participation) in any of the following tournaments or matches without first applying in writing for and obtaining the prior written permission of the Chief Executive in accordance with Regulation E2 below:

- (i) any tournament or exhibition match, whether private or public, that is not an Approved Tournament, scheduled to be staged against the Tournament Week or any part of it; or
- (ii) any tournament or exhibition match, whether private or public, that is not an Approved Tournament, scheduled to be staged against or within seven days prior to the ²Tournament Week and which tournament or exhibition match is either:
 - (A) within 50 miles of the venue of the Approved Tournament scheduled that Tournament Week; or
 - (B) in the same country as the Approved Tournament scheduled in that Tournament Week, if the Member is eligible, but does not intend to play in such Approved Tournament.

(d) Exceptions

The following are the exceptions to the above requirements.

- (i) Any non-European Member Participating in a tournament which is staged in his Home Country, provided that Tournament is sanctioned by a Major Golf Tour; and
- (ii) Any Member who is also a member of the PGA Tour and Participates in a tournament which is being sanctioned by the PGA Tour, provided that:
 - such Member has Participated, or it is possible for him to Participate in, the minimum number of Counting Tournaments in the then current DP World Tour Schedule in accordance with Regulation B1(c);
 - the PGA Tour sanctioned tournament offers larger prize money and World Ranking points than the corresponding Race to Dubai Ranking Tournament;
 - the Member is not the defending Champion of the corresponding Race to Dubai Ranking Tournament;
 - the corresponding Race to Dubai Ranking Tournament is not to be staged in the country of which the Member is a national. (for the avoidance of doubt this requirement applies irrespective of the provisions in Regulation B1(c));
 - the PGA Tour sanctioned tournament is not in the same geographical region or a similar time zone (+/- 1 hour) as the corresponding Race to Dubai Ranking Tournament; and
 - the PGA Tour sanctioned tournament does not have similar or simultaneous live television coverage to the corresponding Race to Dubai Ranking Tournament.

- (iii) Any Member in Category 12 who does not fulfil any of the criteria listed in paragraphs (i) to (xx) of Regulation B2(a) above other than (xi).

If a Member has any concerns as to whether a PGA Tour sanctioned tournament falls within an exception under this Regulation E1(d), the Member should refer the question to the Chief Executive for clarification.

Guidelines for Release for Conflicting Tournaments

References to “the Tournament” in the following Guidelines mean the Approved Tournament against which the Conflicting Tournament is scheduled.

When considering whether or not to grant a Member’s request for a release from a Tournament to Participate in any Conflicting Tournament, the Chief Executive shall consider a number of general factors including the following:

- The overall make-up of the field of the Tournament.
- The Member’s standing in the current Race to Dubai Rankings and in the Race to Dubai Rankings in previous Official Seasons.
- The number of Counting Tournaments that the Member has Participated in, or has committed to Participate in, in the current Official Season and in previous Official Seasons.
- The Member’s record of Participation in the Tournament (or, if the Tournament is new, the Member’s record of Participation in other Approved Tournaments which are similar to the new Tournament).

In addition, the Chief Executive may give weight to a number of additional specific factors including the following:

- Whether the request is to Participate in the Member’s home Open golf tournament. (Normally released if so)
- Whether the Member’s participation in the Conflicting Tournament will significantly harm the PGA European Tour’s relationship with the sponsor or promoter of the Tournament. (Not normally released if so)
- Whether the Member is the defending Champion of the Tournament. (Not normally released if so)
- Whether the Tournament is being staged in the country in which the Member is a national. (Not normally released if so)
- Whether the sponsors of the Conflicting Tournament conflict with the sponsors of the Tournament. (Not normally released if so)
- Whether there is any broadcast coverage of both the Conflicting Tournament and the Tournament which can be viewed in:
 - o the country in which the Tournament is being staged; and/or
 - o any country which is within the same time zone as the country in which the Tournament is being staged, and in either case, as a result of such coverage, the media exposure of the Tournament may be damaged.(Not normally released in either case)
- Whether the Conflicting Tournament offers a prize fund or World Ranking points significantly higher than the Tournament. (Normally released if so)

The Chief Executive may also consider the wider interests of the PGA European Tour in exercising judgment about a requested release, for example if (in the opinion of the Chief Executive):

- The Tournament is co-sanctioned and the relationship between the PGA European Tour and the co-sanctioning golf tour may be damaged if the Member is released from the Tournament. (Not normally released if so)
- There is a likelihood of the public assuming that the Conflicting Tournament is sanctioned by PGA European Tour, whether on account of the Member's Participation or otherwise. (Not normally released if so)
- Any refusal to grant a Member's request to Participate in a Conflicting Tournament will materially prejudice the Member's chances of gaining the right to become eligible for Membership of the DP World Tour for the next Official Season. (Normally released if it will do so)

Whilst the PGA European Tour endeavours to maintain a reasonably consistent approach in relation to the granting or withholding of any permission for a Member to Participate in a Conflicting Tournament, each request will be assessed on its own merits and in the context of all relevant factors relating to the Member's specific request. The Chief Executive's past decisions do not form a binding precedent and whether a Member might normally be released in certain or equivalent circumstances does not mean the Chief Executive is required to release the Member pursuant to any particular request. The Chief Executive shall be entitled (but not obliged) to make any release granted to a Member subject to the acceptance and subsequent fulfilment by the Member of conditions, determined in the discretion of the Chief Executive and with reference to the relevant factors referred to in this Regulation E1 and Regulation E2. If such conditions are stipulated by the Chief Executive and the Member does not wish to accept and subsequently fulfil the conditions, the release will not be granted.

In considering whether or not to grant a Member's request to Participate in any Conflicting Tournament, and whether or not to make any release granted to a Member subject to the acceptance and fulfilment of conditions by that Member, the Chief Executive shall apply his discretion but will act reasonably at all times when considering the relevant factors including the above factors and balancing the legitimate interests of the Member against the best interests of all Members and the PGA European Tour itself.

2. Protocol for Release for a Conflicting Tournament

(a) Release Procedure

All applications by a Member for the above permission must be made in writing to the Chief Executive via the following email address: releases@europeantourgroupp.com as soon as reasonably practicable and before any advance Promotion of a Member's Participation in any such Conflicting Tournament and in any event must be received by the Chief Executive at least 30 days before the Conflicting Tournament.

(b) Consequences of non-compliance.

It shall be a breach of the Regulations for any Member who either: (i) fails to comply with Regulation E2(a); or (ii) who, having complied with Regulation

E2(a), Participates (or allows or agrees to the 'Promotion of his Participation or expected Participation in) any Conflicting Tournament in circumstances where he has not received the prior written approval of the Chief Executive; or (iii) having complied with Regulation E2(a), fails to fulfil to the Chief Executive's reasonable satisfaction (whether in whole or in part) any conditions accepted by the Member in consideration for permission from the Chief Executive to Participate in any Conflicting Tournament.

In any and all such circumstances such Member will not receive any Ryder Cup points for his performance in the relevant Conflicting Tournament(s).

Members who are in breach of this Regulation E2 may also be deemed to have committed a serious breach of the Code of Behaviour in Regulation F, including without limitation injurious conduct (within the meaning of paragraph 6 of Part I of Regulation F) as it is acknowledged that any failure by the Member to comply with this Regulation E2 may cause considerable damage to the relationship between the PGA European Tour and the promoter or sponsor of any affected Approved Tournament.

¹For the purposes of this Regulation E2, Promotion of has the same meaning as set out at the top of this Regulation E.

3. Player Endorsements & Non-Golfing Attachments

(a) Player Endorsements

(i) Logo Size, Location and Quantity

Logos on a Player's clothing and headwear must be in good taste as to size, location and quantity. The overall area occupied by a single logo on any item must not exceed 3"x 5" (75 x 130mm).

As a guideline, the following are considered reasonable and are generally acceptable:

Hat:

1 logo front or back and 2 smaller logos each side, where the overall area of any one logo does not exceed 3"x 5" (75 x 130mm).

Shirts, Jumpers, Waterproof tops:

Chest: 1 logo not exceeding 3"x 2" (75 x 50mm) on each of right and left breast

Sleeve: 1 logo not exceeding 3"x 2" (75 x 50mm) on each of right and left sleeve

Collar: 1 logo on each of right and left collar

Yoke: 1 centrally positioned logo not exceeding 3"x 5" (75 x 130mm).

Examples of unacceptable size/locations include across the back of a shirt, jumper or waterproof top, down the length of either sleeve, down the length of a Player's trouser legs and rear-end area of a Player's trousers, (including waterproof trousers).

(ii) **Permissible Product Categories for Player Endorsements**

For the purposes of clarity, Player endorsements (and therefore the logos referred to in (i) above) are permitted in the following product categories:

- Betting
- Alcohol products

but are prohibited in the following product categories

- Tobacco
- E-cigarettes

However, the PGA European Tour reserves the right to withdraw permission (generally, or in respect of any Tournament or territory) in respect of any permitted product categories going forwards, including as a result of any integrity review or change in policy, or if otherwise in its opinion such action would be in the best interests of the PGA European Tour and/or its Members. Individual Members must also be mindful of their obligations in respect of not damaging the integrity or reputation of the sport or the PGA European Tour, bearing in mind all the circumstances of the endorsement (including the reputation and conduct of the product partner and the relevance of any disciplinary or Code of Behaviour issues of the Member to the endorsement).

If a Player considers that an endorsement could cause an issue for any reason, whether or not it falls under a permissible product category above, he should contact the Director of Tour Operations for clarification prior to proceeding with such endorsement. Notwithstanding the foregoing, it is the Player's sole responsibility to ensure that the display of logos for the purposes of Player endorsement comply with all applicable laws in all relevant territories, including in the jurisdiction in which a tournament is taking place (it being acknowledged that in certain territories, for example, the display of betting- related or alcohol-related logos for commercial advertising purposes is prohibited). Should the display of any Player endorsement not previously approved by the Director of Tour Operations subject the Tour to any liability to a fine, penalty or similar from the relevant authorities in any jurisdiction, the Player shall fully indemnify the PGA European Tour, on demand, in relation to the same.

Players should not enter into endorsement arrangements with betting companies that require, as part of the agreement, the provision of tips or predictions to the betting company's clients. For clarity, under the Integrity Policy, Players must not provide inside information that could be abused for betting purposes and this is likely to include providing exclusive insight, via any medium (e.g. blog or vlog post or column) accessible only to clients or an exclusive group of clients of the betting company, into how the Player or any Player in the tournament might play or where they might place in the tournament.

(iii) **Conflicting advertising**

No Player, or his caddie, during the playing of an Approved Tournament will be permitted to wear or display any advertising material which, in the opinion of

the Tournament Director, may compromise a title sponsor or otherwise place in jeopardy the conduct of a tournament. In all cases, a Player must obtain the approval of the Chief Executive or the Tournament Director prior to the commencement of the relevant tournament to wear advertising material which conflicts with the tournament's commercial partners. As a guideline, a clear distinction will be made between primary (front of visor or shirt collar) and secondary (clothing and golf bag) advertising. Secondary advertising will normally be permitted but may be assessed on a case by case basis, but any conflicting primary advertising will only be permitted if printed tone-on-tone, i.e. in a similar colour. The interests of the title sponsor will be considered paramount.

(b) Non-Golfing Attachments

Applications for non-golfing attachments may be subject to approval by the Tournament Committee. Tournament Committee approval will be given on the basis of one brand name only to one Member. The Tournament Committee may seek binding assurances from the Member that such non-golfing attachments will not conflict or compete with any commitments to the PGA European Tour including minimum participation in Counting Tournaments or media and/or publicity commitments for Approved Tournaments in which the Member is participating, especially (but not exclusively) during Tournament Week. The Tournament Committee shall also have reference to the reputation, integrity and best interests of the PGA European Tour generally in giving or withholding approval for such non-golfing attachments.

4. No Guarantee for Appearance

Neither Players nor other individuals acting on such Players' behalf shall solicit or accept any compensation, gratuity or other value in kind offered for the purpose of guaranteeing their appearance in any tournament which is sanctioned by the PGA European Tour or any Approved Tournament, including any pro-am event played in connection therewith, except as may be specifically authorised in writing by the Chief Executive prior to the relevant tournament.

The PGA European Tour has issued notification to promoters and sponsors that the rule will be applied using the following guidelines:

- (a) Tournament promoters and major sponsors may consider the promotion of a special event (Skins, Shoot-out, Champions Challenge etc.) where a separate prize fund could be provided to a maximum of 25% of the tournament purse. Participation of Players therein shall be determined by PGA European Tour qualification and invitations agreed with the PGA European Tour. Similarly, television arrangements (if any) of such special tournaments should be agreed in advance by promoters with the PGA European Tour.
- (b) Tournament promoters and major sponsors (which includes the PGA European Tour where it acts in either or both capacities) may accept entries from Players with specific individual contracts with the promoter, major sponsor or official co-sponsors for genuine business purposes beyond simply the act of performing in the relevant golf tournament. This would include the business purpose of

advertising or general promotional activity for the sponsor/co- sponsor, the tournament or the PGA European Tour and its commercial partners. Examples may include media or broadcast obligations, or sponsor related activities beyond that required under Regulation C11.

- (c) Tournament promoters and major sponsors may similarly accept Players' entries where such Player has a beneficial relationship with the host venue through golf course design or a business relationship.
- (d) Bonus pools: The operation of season-long bonus pools or bonus pools related to one or more tournaments may be operated – provided the basis relates to performance in tournaments.

These guidelines are not exhaustive but generally representative and anyone requiring further clarification should contact the Chief Executive prior to agreeing to participate in any such activity.

5. Film, Media and Other Property Rights

For the purposes of this Regulation E5 only:

“Relevant Tournament” means any competition, tournament, event or exhibition in which at any time the PGA European Tour (or any group company including European Tour Productions Limited) owns or controls the relevant rights anywhere in the world. This includes any such competition, tournament, event or exhibition that is sanctioned by the PGA European Tour and/or which is an Approved Tournament at any time..

“Media Rights” means television, radio, film, audio, broadcast, digital and photographic content, statistical data and information (including media, performance, scoring, ball tracking, gaming and betting data and all related data feeds), including any forms of audio, video, or data streaming (including digital and online in any format), whether or not live, and all other electronic media rights of all Members and their respective caddies Participating in any Relevant Tournament or any portion thereof, including the right to broadcast, copy and exploit the same by all means in any territory and in any format, including by audio, visual and audio-visual media, whether broadcast, online or on-demand, or as part of any digital product, download, game or application, and or for any device or platform known or hereafter invented, and including all internet, interactive, “over-the-top” and all other multi-media rights.

For the purposes of Regulations C20(iv) to (ix), inclusive and this Regulation E5 only, a Member and/or his caddie is ‘Participating’ at a Relevant Tournament while he is: (i) competing in the tournament (that is after hitting his first tee shot); and (ii) otherwise at the Venue at which the Relevant Tournament is being staged (whether: (A) partaking in tournament related activities such as practice rounds, pro-ams, official functions or media conferences; (B) waiting to start or having finished a round; or (C) in any other capacity during the Tournament Week).

(a) Media Rights

The Media Rights are owned by and vest in the PGA European Tour and (as

necessary) are assigned to the PGA European Tour by its Members, Players, their respective caddies or media partners, and shall be the property of and expressly reserved by the PGA European Tour.

The Media Rights include the irrevocable right to use any Member or Player's image, performance footage, interview or verbal contribution captured as part of the Media Rights in the relevant Tournament to the extent and howsoever necessary for PGA European Tour to exploit the Media Rights as anticipated by this Regulation E5 (but for the avoidance of doubt does not otherwise affect the Member's rights as an independent contractor in respect of their own image except as set out in these Regulations, including Regulation E5(c) below).

(b) Responsibilities of Members in respect of Media Rights

The use or exploitation of any Media Rights by any Member, his caddie or any other person without the express prior written approval of the PGA European Tour is forbidden. To the extent that any such Media Rights are produced or created by any Member, his caddie, his representative or commercial partner, the Member shall assign or shall procure the irrevocable assignment of such Media Rights to the PGA European Tour at no cost to the PGA European Tour.

No Member (nor his caddie, representative nor any of his commercial partners) shall enter into any agreement that has the effect or purported effect of assigning or licensing these Media Rights to any party other than PGA European Tour or which in any way interferes with the PGA European Tour's ability to collect and exploit the Media Rights in any territory. No Member (nor his caddie, representative nor any of his commercial partners) is authorised to make any use, commercial or otherwise, of the DP World Tour name or logo without the express prior written approval of the PGA European Tour.

The Member shall procure that his caddie, representatives and commercial partners comply with the provisions of this Regulation E5(b), and that each (together with the Member) shall provide any and all reasonable assistance and execute such documents as may be required by PGA European Tour to ensure the effective assignment of and/or enable its exploitation or enforcement of the Media Rights.

(c) Ryder Cup

The PGA European Tour (whether itself or through Ryder Cup Europe LLP, European Tour Productions Limited or other appropriate group company) may procure and use:

- (i) the collective images of Players (meaning at least two Players in any one image) eligible to Participate in the Ryder Cup Matches; and/or
- (ii) the image of the appointed captain

to represent an official endorsement by the PGA European Tour (or Ryder Cup Europe LLP, European Tour Productions Limited or other appropriate group company) of a sponsor(s), supplier(s) or another entity's product or service

associated with the Ryder Cup, to exploit in any media in any territory in perpetuity, without further reference or payment to the Member or Player (the "Ryder Cup Image Rights").

No Member (nor his caddie, representative nor any of his commercial partners) shall enter into any agreement that has the effect or purported effect of limiting the PGA European Tour's ability to procure and exploit the Ryder Cup Image Rights in any territory.

No Member (nor his caddie, representative nor any of his commercial partners) is authorised to make any use, commercial or otherwise, of the Ryder Cup name or logo without the express prior written approval of both the PGA European Tour and Ryder Cup Europe LLP.

The Member shall procure that his caddie, representatives and commercial partners comply with the provisions of this Regulation E5(c), and that each (together with the Member) shall provide any and all reasonable assistance and execute such documents as may be required by Ryder Cup Europe LLP or PGA European Tour to ensure the effective assignment of and/or enable their exploitation or enforcement of the Ryder Cup Image Rights.

6. Limitation of Liability

The PGA European Tour's aggregate liability to any Member whether in contract, tort or otherwise (including any liability for any negligent act or omission) shall in no circumstance exceed Twenty Million Pounds (£20,000,000). Nothing in these Regulations is intended and nor shall it be construed as an attempt by the PGA European Tour to exclude or limit its liability to any Member for fraud or fraudulent misrepresentation, death or personal injury caused by its negligence or for any other liability which cannot be excluded by law.

7. Enforcement

It is acknowledged by Members that certain failures by any Member to comply with this Regulation E has the potential to cause considerable damage to the integrity, reputation and/or rights of the PGA European Tour, to the value of the PGA European Tour's brand and its key commercial assets, and/or to the relationship between the PGA European Tour and its sponsors and broadcast partners, or the promoter or sponsor of any affected Approved DP World Tour Tournament.

Therefore, in certain circumstances Members who are in breach of any part of this Regulation E may also be deemed to have committed a serious breach of the Code of Behaviour as set out in Regulation F, including without limitation injurious conduct (within the meaning of paragraph 6 of Part I of Regulation F).

The PGA European Tour is committed as a general principle to acting in the best interests of both the PGA European Tour itself and its Members as a whole, and to acting reasonably and proportionately in respect of any action taken against individual Members. However, all Members acknowledge the importance and value of the rights

and regulations set out under this Regulation E to the integrity, reputation and ongoing success of the PGA European Tour. In addition to actions taken under the Code of Behaviour, the PGA European Tour reserves all its rights and remedies under law and contract as against its Members for breaches of this Regulation E, including in respect of its intellectual property rights.

8. Governing Law

These Regulations (together with any disputes or claims relating to contractual or non-contractual obligations arising out of or in connection with them) are governed by and construed in accordance with English law.

F. Code of Behaviour and Disciplinary Procedure

This Regulation F is comprised of: Part I, a code of behaviour (“Code”) designed to help the management of the PGA European Tour and its Members identify the conduct and standards of ethics that are expected from the Members, and; Part II, the disciplinary procedure (“Disciplinary Procedure”), which sets out the procedure to be followed where there may have been a breach of the Code.

The provisions of this Regulation F shall survive the cessation of a Member’s Membership so far as they relate to breaches alleged to have occurred during that Membership.

I. Code of Behaviour

1. General

On becoming a Member, each person voluntarily submits himself to standards of behaviour and ethical conduct beyond those required of amateur/recreational golfers and members of the public. The DP World Tour has been the hallmark of honesty, fair dealings, courtesy, and sportsmanship and each Member must honour and uphold that tradition at all times whether on or off the golf course.

It would be impossible to define exactly the standard of conduct expected from Members in all circumstances or to definitively and exhaustively list every act that would amount to a breach of the Code (and for which disciplinary sanctions might be imposed).

Paragraph 2, below, contains a non-exhaustive, illustrative list of acts and omissions that will be considered breaches of the Code, but in most cases common sense should tell the Member the standard of behaviour that is required. If a Member has any doubt as to the conduct expected of him (in general or in specific circumstances), he should contact the PGA European Tour’s headquarters for advice.

2. Breaches of this Code

Notwithstanding the conduct requirements set out at paragraph 1, above, each of the following acts or omissions by a Member will be a breach of the Code:

- (a) **Best Efforts**
Failure to give his best efforts in competition or to play in a professional manner.
- (b) **Etiquette**
Failure to comply with normally accepted standards of courtesy and golf etiquette.
- (c) **Crime**
Conviction of a criminal offence by a court of law.
- (d) **Misbehaviour**
Misbehaviour or misconduct (on or off the course) that is generally unacceptable by normal social standards.

(e) Abuse/harassment of Tournament Officials, Volunteers, DP World Tour Staff.

- (i) During competition:
A Player and/or their caddies not acting respectfully towards tournament officials and volunteers and/or using offensive language or gestures, or making comments likely to injure or discredit the reputation of any such official, volunteer or their respective governing body).
- (ii) During and outside of competition:
A Player, his family, caddies or other representatives abusing or harassing its officials, volunteers or any other staff (including verbal, physical, sexual, online or other abuse/harassment). Any behaviour that creates an intimidating, hostile, degrading, humiliating or offensive environment will not be tolerated.

NOTE: For the purposes of paragraph 1(e) above, please note the following:

Principles

- We adopt a zero-tolerance approach to abuse/harassment of any kind (including sexual harassment) and will take all complaints seriously.
- We believe that a culture of equality, diversity and inclusion supports wellbeing and enables our people to work better because they can be themselves and feel that they belong.
- Every employee shall be treated with respect and dignity and has the right to carry out their role without fear of facing abuse or harassment.
- No employee shall be subject to any physical, psychological, verbal or sexual abuse.
- We will ensure all allegations of abuse and harassment will be handled sensitively, investigated and dealt with effectively under the Disciplinary Procedure.
- Any Player found to have committed or participated in an act of abuse or harassment will be subject to action in line with the Disciplinary Procedure. Such behaviour can have very serious consequences for both victims and perpetrators, as well as the PGA European Tour.

What are these behaviours?

Abuse - is offensive, intimidating, malicious or insulting behaviour, and/or an abuse or misuse of power, that is meant to undermine, humiliate or injure the person on the receiving end.

Harassment is unwanted conduct related to relevant protected characteristics, such as sex, gender identity or expression, race (which includes colour, nationality and ethnic or national origins), marital or civil partnership status, disability, pregnancy or maternity, sexual orientation, religion or belief and age, that either has the purpose of violating a person's dignity or creating an intimidating, hostile, degrading, humiliating or offensive environment for that person; or is reasonably considered by that person to do so, even if this effect was not intended by the person responsible for the conduct.

Harassment may also be sexual in nature. The law defines sexual harassment as conduct including verbal comments, of a sexual nature, that has the purpose and effect of violating someone's dignity, or creating an intimidating, hostile, degrading, humiliating or offensive environment. It also includes less favourable treatment related to sex or gender reassignment that occurs because of a rejection of, or submission to, sexual conduct. Sexual harassment can occur in many forms and can take place either at work or outside work.

The difference between abuse and harassment, is that harassment relates to protected characteristics and is unlawful under the Equality Act 2010, whereas abuse does not relate to protected characteristics and is not against the law.

Legitimate, reasonable and constructive criticism of performance or behaviour will not amount to abuse, harassment or bullying.

It's about what an individual thinks is unacceptable

Everyone has the right to decide what behaviour is acceptable to them and to have their feelings respected by others. Behaviour which any reasonable person would realise would be likely to offend, intimidate or humiliate will be treated as abuse or harassment without the recipient having to make it clear in advance that behaviour of that type is not acceptable to them.

DP World Tour Staff have been advised that in such a circumstance they are to make it clear if they find any behaviour unacceptable and that if this does not cease immediately, they are to walk away and report the incident to the Tournament Director.

Implications of abuse or harassment

Abuse or harassment can damage the health, confidence, morale and performance of employees who are affected by it. As well as being a breach of this Regulation, abuse or harassment may also be a civil or criminal offence, and harassment is unlawful under equality legislation.

(f) Injurious Conduct

Conduct likely to injure or discredit the reputation of the PGA European Tour or any of its Members or conduct that is contrary to the PGA European Tour's constitution, rules or Regulations.

(g) Failure to Report a Breach of the Code

Failure by a Member:

- (i) To report a breach of the Code by another Member when the breach is known to that Member or in circumstances where he should reasonably have realised that a breach of the Code may have occurred; or
- (ii) To fully co-operate with any investigations, inquiry or proceedings relating to a breach or suspected breach of the Code.

(h) Rules of Golf

Failure to comply with the Rules of Golf, any local rules in force at any Approved

Tournament or any conditions of competition, regulations or other rules, by-laws, directions or instructions as specified by the PGA European Tour from time to time.

(i) Goodwill

Failure by a Member to act at all times in the best interests of, and trying to enhance the goodwill which attaches to, the PGA European Tour and the game of golf.

(j) Breach of Regulations

Breach of the Regulations as in force from time to time (including the confidentiality provisions) (other than the PGA European Tour Anti-Doping Policy or Integrity Policy, a breach of which will be resolved in accordance with its terms).

3. Governing Law

This Code and each dispute or claim arising out of or in connection with it (including non-contractual disputes and claims) will be governed by and construed in accordance with English Law.

II. DISCIPLINARY PROCEDURE

1. Preliminary Investigations

If the Chief Executive has reasonable grounds to conclude that a Member may have committed a breach of the Code, he may cause to be carried out a preliminary investigation of the circumstances of such potential breach by a "Disciplinary Officer", who will be the relevant Tournament Director, the Chief Referee or such other person nominated by the Chief Executive.

The Disciplinary Officer will have full power and exclusive authority to consider and investigate all matters that constitute or are capable of constituting a breach of the Code, and is entitled to undertake such investigations as he may deem necessary, including: (a) requiring the provision of information, documentation, written statements and/or answers, and other material that he considers relevant, and/or (b) requiring attendance at meetings to answer questions in person, and/or (c) requiring the provision of relevant login details and passwords and/or facilitate access by (or on behalf of) the Disciplinary Officer to computers, telephones and/or other communication devices, betting accounts, computer records, telephone records, social media and email accounts, and (d) in respect of investigations into any possible breach of the 'best efforts' requirements or other corrupt activities, requiring provision of relevant login details and passwords and otherwise facilitate access by (or on behalf of) the Disciplinary Officer to bank and building society accounts and similar. Each Member must, when so requested, cooperate fully with any investigation (and provide comprehensive, honest and accurate information and responses). A failure or refusal by a Member to so cooperate will itself constitute a breach of the Code (and any Disciplinary Panel or Appeal Panel will be entitled to draw adverse inferences from such failure or refusal).

Following the preliminary investigation, the Disciplinary Officer (in conjunction with the Director of Tour Operations and, if necessary, the Chief Tournament & Operations Officer) will determine whether (a) there is a case to answer for breach of the Code; (b) the alleged breach of the Code should be considered a Nominal Breach, a Minor Breach or

a Serious Breach of the Code (as described below), and (c) if such breach is considered a Minor Breach, whether that alleged breach warrants the imposition of a sanction. While categorisation of the breach as set out above will depend on all the circumstances, the following is a non-exhaustive, illustrative list of what ordinarily will be considered to be a Nominal Breach, Minor Breach or Serious Breach (as applicable) of the Code:

(a) Nominal Breach

A technical, insignificant and/or nominal breach of the Code that (in the sole discretion of the Disciplinary Officer) does not warrant any further sanction against the Member who has committed the breach, other than any sanction that may have already been imposed on the Member under the Rules of Golf or the conditions of competition of the relevant Approved Tournament or by another sports organisation or law enforcement agency.

(b) Minor Breach

Best efforts: failure to compete professionally (with no evidence of ulterior motive) in a manner that either creates negative exposure for the DP World Tour or upsets fellow competitors.

Etiquette: non-raking of a bunker, dropping litter on the course, lack of oral warning if hitting a ball close to spectators.

Misbehaviour: club abuse, use of audible obscenities, minor incidents resulting from drunken or otherwise unprovoked socially unacceptable behaviour by a Member or his caddie.

Injurious conduct: actions or comments that may harm or discredit officials, fellow Members, sponsors, promoters, volunteers, third party contractors or the PGA European Tour but which does not or is unlikely to create significant negative media or long-term damage to any of the aforementioned persons.

Failure to report a breach of the Code: a failure to report a breach of the Code by a fellow Member or to fully and properly assist in an enquiry regarding such a breach.

Rules of Golf: a careless or negligent infringement of the Rules of Golf for which it is considered that disqualification from the tournament at which such breach took place is not a sufficient sanction on the Member.

(c) Serious Breach

Best efforts: failure to give best efforts in an attempt to contrive a result (whether or not for personal or an associate's financial or other gain or benefit and, if such failure is part of a scheme, whether or not such scheme was successful).

Etiquette: dangerous play leading to, or which could have led to, serious injury.

Crime: any conviction by a court of law of a criminal offence (which offence would, under English law, be indictable or triable either way).

Injurious conduct: actions or comments that may harm or discredit officials, fellow Members, sponsors, promoters, volunteers, third party contractors or the PGA European Tour and that does cause or is likely to cause significant negative media or long term damage to any of the aforementioned persons.

Rules of Golf: a reckless or intentional infringement of the Rules of Golf

As stated above, these lists are for guidance and illustrative purposes only and shall not prejudice the PGA European Tour's discretion to determine the seriousness of an alleged breach of the Code on a case by case basis in accordance with the relevant facts and evidence obtained.

In addition, where the same or a similar Minor Breach is repeated by a Member, or where the PGA European Tour finds that a Member is persistently committing Minor Breaches, the PGA European Tour may determine that an alleged breach, which might otherwise be considered to be a Minor Breach, will be considered to be an alleged Serious Breach, and the matter dealt with accordingly.

In the event that any evidence (such as video footage or testimony from officials, Players or spectators at the relevant tournament) is discovered by, or brought to the attention of, the PGA European Tour subsequent to the preliminary investigation and/or the decision as to whether an alleged breach is to be considered as a Nominal Breach, Minor Breach or Serious Breach for the purposes of this Disciplinary Procedure, then the PGA European Tour will be entitled to re-categorise the breach as it considers appropriate taking into account such evidence and, if appropriate, the Minor Breach procedure or Serious Breach procedure (as is then applicable) will be applied.

2. Minor Breach Procedure

(a) **Decision of the Disciplinary Officer (fines)**

If at the conclusion of a preliminary investigation the Disciplinary Officer determines that a Minor Breach of the Code has occurred, he may impose a fine of not less than three hundred pounds (£300) and not greater than twenty-five thousand pounds (£25,000).

Subsequent Minor Breaches of the Code by a Member will in most cases, result in a fine being imposed on that Member that is twice the amount of the fine for the previous Minor Breach of the Code, unless the Director of Tour Operations decides that a different fine should be imposed. For the avoidance of doubt, for second and additional Minor Breaches of the Code by a Member, the maximum level of fine set out in the preceding paragraph will not apply.

On receiving written notification of such a fine, the Member is responsible for advising the PGA European Tour's accounts department of how he wishes to pay the amount (e.g. Bank transfer/Prize money deduction). If the Member has not appealed against the imposition of, or the amount of, the fine and no such

written notification of how payment will be made has been received within fourteen (14) days of the date of the letter notifying the Member of such fine then the fine will be automatically deducted from the Member's nominated credit card¹.

¹NOTE: Collection of a fine by credit card will result in the Member incurring (in addition to the amount of the fine) the processing charge for such payment, which is 3.5 % of the amount of the fine (and such processing charge will also be automatically deducted from the nominated credit card).

If a Minor Breach occurs at a tournament that is co-sanctioned by the PGA European Tour and one or more of the other Major Golf Tours, the determination of which Tour a Member who is also a member of the other Major Golf Tour will be fined by will be in accordance with the terms of any "co-sanctioned operational document" that may be in place for that co-sanctioned tournament. In the absence of such document, such dual member will be fined by the Major Golf Tour through which he finally gained exemption into that tournament and in line with that Major Golf Tour's applicable policies/regulations. (In the case of a dual member entered through a tournament invitation, the decision on which Tour will fine such a Member will be by mutual determination between the sanctioning Tours but this decision will be based primarily on his nationality.)

If such a Minor Breach occurs at a tournament that is co-sanctioned by the DP World Tour and the Challenge Tour, Members in Categories 1-17 (DP World Tour eligibility only) will be subject to and fined by the relevant Disciplinary Officer in accordance with this Disciplinary Procedure. All other players will be subject to and fined in accordance with the disciplinary procedure set out in the Challenge Tour Regulations.

(b) Appeals against decisions of the Disciplinary Officer

If a Member is dissatisfied with the decision of, or the fine imposed by, the Disciplinary Officer, he may appeal to the Tournament Committee by giving written notice to the Director of Tour Operations within seven (7) days after receiving notice of the fine or decision. The procedure for an appeal will be governed by the provisions of paragraph 2(c) below.

Unless as otherwise provided for in this Disciplinary Procedure, an appeal against a decision of a Disciplinary Officer may be made only on one or more of the following grounds:

- (i) the decision of the Disciplinary Officer was based on an inaccurate representation of the facts or was a decision that could not reasonably have been reached by the Disciplinary Officer when faced with the evidence before him; and/or
- (ii) there was injustice because of a serious procedural or other irregularity in the proceedings before the Disciplinary Officer; and/or
- (iii) significant and relevant new evidence has come to light that was not available, and could not have become available on the making of reasonable enquiries, before the conclusion of the Disciplinary Officer's investigations; and/or
- (iv) the sanction imposed by the Disciplinary Officer was grossly

disproportionate to the seriousness of the breach of the Code committed.

(c) Procedure at Tournament Committee Hearing

An appeal hearing before the Tournament Committee is an informal internal inquiry. There are no fixed rules of procedure, and professional or other representation of the Member concerned is not permitted. The hearing may take place in person, virtually or in hybrid form. The purpose of the hearing before the Tournament Committee is to dispose of the matter as speedily and as informally as possible while providing a fair hearing and complying with the rules of natural justice. A decision of the Tournament Committee will be final and binding on the Member.

The hearing will take place before no fewer than seven (7) members of the Tournament Committee and any number upwards of that depending on how many Tournament Committee members are in attendance at the relevant Tournament Committee meeting at which the hearing takes place.

If a Member wishes to appeal against a decision to impose a fine of up to (and including) twelve thousand five hundred pounds (£12,500) the Member will not be entitled to appear before the Tournament Committee but may submit a written statement no less than seven (7) days prior to the hearing setting out the basis of the appeal and the Member's version of the relevant incident and any mitigating circumstances that the Member would like the Tournament Committee to take into consideration.

If a Member wishes to appeal against a decision to impose a fine that exceeds twelve thousand five hundred pounds (£12,500) the Member has the right to appear before the Tournament Committee and put forward his own explanation of the events surrounding the alleged breach of the Code. The Member will be entitled to present his own case in an appropriate manner. The members of the Tournament Committee may question the Member as to his explanation of the events surrounding the alleged breach of the Code. Alternatively (at the Member's election), the Member may submit a written statement setting out the Member's version of the relevant incident and any mitigating circumstances that the Member would like the Tournament Committee to take into consideration no less than seven (7) days prior to the hearing. Witnesses will not ordinarily be called but if the Member feels that he cannot do justice to his case unless a particular witness or witnesses are present at the hearing before the Tournament Committee, he must apply by written notice to the PGA European Tour for permission to have such witnesses attend the hearing (and explaining why justice cannot be done without the witness(es) attendance) not later than fourteen (14) days prior to the date of the hearing. If the PGA European Tour agrees to such request the Member shall be responsible for procuring the attendance of such witness or witnesses to give evidence before the Tournament Committee in the presence of the Member at the hearing.

The witnesses will be subject to questioning by the members of the Tournament Committee. The Member will be given the opportunity to propose questions to be put by the Tournament Committee to any of the witnesses present.

The Tournament Committee will determine the appeal by majority decision and on the balance of probabilities. The Tournament Committee may give its decision at the conclusion of the hearing or at such time following the hearing as it may consider appropriate. In either case the decision will be confirmed in writing as soon as reasonably practicable.

The Director of Tour Operations (or such other person as may be nominated by the Chief Executive) will attend the Tournament Committee hearing in an administrative capacity to advise the Tournament Committee on procedure and other matters but will not take part in the decision making of the Tournament Committee.

The Tournament Committee will at any time be entitled to request that the Disciplinary Panel (constituted in accordance with paragraph 3(a) below) consider and determine the appeal if the Tournament Committee decides that the case is sufficiently serious or otherwise should not be determined by the Tournament Committee.

Any costs incurred by the Member in relation to preparing for and attending a hearing before the Tournament Committee, as well as any costs arising in connection with the attendance of any witnesses requested by the Member at such a Tournament Committee hearing, will be borne by the Member unless otherwise agreed in writing in advance by the PGA European Tour.

3. Serious Breach Procedure

If at the conclusion of the preliminary investigation into an alleged breach of the Code by a Member the Disciplinary Officer decides that a Serious Breach of the Code may have occurred, then the matter will be referred to the Chief Executive for consideration and then (subject to the Chief Executive electing to himself determine whether or not the Serious Breach occurred and if it did occur what the appropriate sanction(s) should be in accordance with paragraph 3(f) below) a disciplinary hearing will take place before an impartial disciplinary panel, which shall be formed in accordance with paragraph 3(a) below (the "Disciplinary Panel") and will hear and determine the matter.

(a) Composition of the Disciplinary Panel

The Disciplinary Panel will be an impartial three (3) person panel made up of the following:

- (i) a legally qualified person (of at least 6 years post-qualification experience, appointed by the PGA European Tour);
- (ii) an ex-member of the DP World Tour or current player on the Legends Tour (appointed by the Member subject to the disciplinary proceedings from a pool of such ex-members/players to be appointed annually by the PGA European Tour and which will consist of up to five (5) eligible persons); and
- (iii) an experienced sports administrator (appointed by the PGA European Tour).

The legally qualified person selected by the PGA European Tour shall be the chairman of the Disciplinary Panel. Where the chairman of the Disciplinary Panel considers it necessary, the Disciplinary Panel shall be entitled to appoint external experts or lawyers to advise the Disciplinary Panel, subject to the prior written approval of the PGA European Tour as to the cost of obtaining such external advice.

No person who was involved in the events relating to, or the investigation of, the alleged breach or who has a clear vested interest in the outcome of the disciplinary hearing, or who has made strong statements either way on a directly relevant matter, should sit on the Disciplinary Panel. Each person who is approached to sit on the Disciplinary Panel shall be required to make a declaration of any vested interest or involvement in the alleged breach or the investigation of the alleged breach prior to sitting on the Disciplinary Panel.

(b) Procedure at a hearing before the Disciplinary Panel

The Disciplinary Officer will prepare a file of documentation and evidence that the PGA European Tour will rely upon to support the charge that the Member has breached the Code and will send that file to the relevant Member and the Disciplinary Panel (subject to the Disciplinary Panel's power to vary the deadline, if appropriate) no later than twenty- one (21) days prior to the disciplinary hearing. The file will include:

- (i) notification of the date, time and location of the disciplinary hearing;
- (ii) details of the alleged breach of the Code by the Member; and
- (iii) copies of the documentation and evidence that the PGA European Tour will rely on in support of the charge that the Member has breached the Code (including, but not limited to, written statements and relevant video footage where applicable).

The Member may be represented and/or assisted at the disciplinary hearing by one person of his choosing (who may be a lawyer, agent, manager, or another such person).

At the disciplinary hearing, if the charge is not admitted, the Disciplinary Officer (or a lawyer appointed by the PGA European Tour) will present details of the alleged breach of the Code and the evidence in support of the charge, make submissions as to whether the charge should be upheld. The Member (or his representative) will then present any other evidence and make submissions as to whether the charge should be upheld. The Disciplinary Panel will adjourn to consider whether the charge should be upheld and reconvene the hearing to orally deliver its decision on whether the charge should be upheld to the parties.

Then (or if the charge is admitted), the Disciplinary Officer (or a lawyer appointed by the PGA European Tour) will present any relevant evidence and make submissions on the appropriate sanction. The Member (or his representative) will then present any relevant evidence and make submissions on the appropriate sanction (including any mitigating circumstances that the Member would like the Disciplinary Panel to take into consideration).

All relevant evidence (including, without limitation, video footage) will be

admissible (i.e., the Disciplinary Panel will not be bound to apply formal rules of evidence and will not be bound by any enactment or rule of law relating to the admissibility of evidence in proceedings before a court of law, but the Disciplinary Panel will be entitled to determine how much weight to attribute to any evidence before it).

The PGA European Tour will be entitled to call witnesses to give evidence at the hearing in support of the charge. The Member will be entitled to call a reasonable number of witnesses to attend the hearing provided that he provides written notice to the Disciplinary Panel and the PGA European Tour to that effect (subject to the Disciplinary Panel's power to vary the deadline, if appropriate) not later than fourteen (14) days prior to the date of the disciplinary hearing. The Member will be responsible for procuring the attendance of such witnesses to give evidence before the Disciplinary Panel, in the presence of the Member, at the disciplinary hearing. At the disciplinary hearing each party will be entitled to put questions to any of the witnesses, who may also be subject to questioning by the members of the Disciplinary Panel.

The burden of proof will be on the PGA European Tour to establish on the balance of probabilities that the Member committed the charged breach of the Code. If the Member seeks to establish any fact or circumstances; he must do so on the balance of probabilities.

The Disciplinary Panel may after hearing all the evidence either give its decision at the conclusion of the hearing or at such time following the hearing as it considers appropriate. In either case its decision shall be conveyed to the PGA European Tour and the Member in writing and with reasons as soon as reasonably practicable following the conclusion of the hearing. The Disciplinary Panel may determine the charge (and if the charge is upheld, the appropriate sanction) by majority decision. Unless appealed in accordance with paragraph 3(d), below, the decision of the Disciplinary Panel will be final and binding on the PGA European Tour and the Member(s) concerned.

The Disciplinary Panel has the power to regulate its own procedure, including (without limitation) the power: to extend or vary any time limit or in exceptional circumstances modify any procedural rule set out in this Code; to make appropriate directions (in advance of the hearing and/or at the start of or during the hearing) with respect to the conduct of proceedings before it; to expedite, adjourn or postpone proceedings as it sees fit; to consolidate a matter with any other matter (and/or order concurrent hearings) where the proceedings arise out of the same incident or set of facts, or where there is a clear link between separate incidents; to order a Participant to appear at the hearing as a witness; and to proceed in the absence of a party at a hearing before the Committee or Appeal Committee, provided that the Committee or Appeal Committee is satisfied that the party received notice of the hearing.

(c) Sanctions

If the Disciplinary Panel finds that a breach of the Code has been established it will impose such sanction(s) as it considers appropriate having regard to all of the circumstances. Such sanctions may include (without limitation) a reprimand,

censure, fine, suspension of Membership, suspension from participation in one or more tournaments or for a given period, expulsion from the PGA European Tour.

(d) Appeals against decisions of the Disciplinary Panel

Each of the PGA European Tour and the Member may appeal the final substantive decision of the Disciplinary Panel (i.e., not any procedural decision) or any aspect of it by giving written notice of that appeal to the other party within fourteen (14) days of receipt of the written reasoned decision.

The appeal will be heard by an “Appeal Panel” constituted in the same way as the Disciplinary Panel as set out in and otherwise in accordance with paragraph 3(a), above. For the avoidance of doubt, no person who sat on the Disciplinary Panel in relation to the initial disciplinary hearing will sit on the Appeal Panel.

Unless as otherwise provided for in this Disciplinary Procedure, an appeal against a decision of a Disciplinary Panel can be made only on one or more of the following grounds:

- (i) the decision of the Disciplinary Panel was based on an inaccurate representation of the facts or was a decision that could not reasonably have been reached by the Disciplinary Panel when faced with the evidence before it; and/or
- (ii) there was injustice because of a serious procedural or other irregularity in the proceedings before the Disciplinary Panel; and/or
- (iii) significant and relevant new evidence has come to light that was not available, and could not have become available on the making of reasonable enquiries, before the conclusion of the Disciplinary Panel hearing; and/or
- (iv) the sanction imposed by the Disciplinary Panel was grossly disproportionate to the seriousness of the breach of the Code committed.

The appeal will be limited to the four grounds set out above and will not take the form of a de novo hearing (i.e. the Appeal Panel will not hear the matter as if it were a Disciplinary Panel re-hearing the case at first instance) unless:

- (i) the appellant demonstrates a compelling reason why the appeal ought to be heard de novo; or
- (ii) the parties agree that the appeal ought to be heard de novo
- (iii) the appeal is made pursuant to paragraph 3(f) (vi), below.

In exceptional circumstances the PGA European Tour may, in its sole discretion, before an appeal has been finally determined by an Appeal Panel, request that Sport Resolutions (UK) appoint an Appeal Panel (from the panel members referred to at paragraph 3(a), above, or other impartial persons, as appropriate) and/or administer the appeal otherwise in accordance with the provisions of this Regulation F.

If the appeal is heard de novo, the same process as before the Disciplinary Panel will be followed (i.e., in accordance with the procedure set out in paragraphs 3(b), above).

If the appeal is not heard de novo, the same process as before the Disciplinary Panel will be followed, save for any changes required by the context or set out in this paragraph 3(d) and save that:

- (i) At the disciplinary hearing, the appellant (or a lawyer/representative on behalf of the appellant) will make submissions as to why the appeal should be upheld and present the evidence in support of the appeal. The respondent (or a lawyer/representative on behalf of the respondent) will then make submissions as to whether the appeal should be upheld and present any evidence in support of that position.
- (ii) The Appeal Panel will not admit new evidence unless such evidence is (a) significant and relevant and (b) it was not available and could not have become available on the making of reasonable enquiries, before the conclusion of the Disciplinary Panel hearing.
- (iii) The burden of proof will be on the appellant to establish on the balance of probabilities that the appeal should be upheld on one of the four listed grounds. If the respondent seeks to establish any fact or circumstances, he/it must do so on the balance of probabilities.

If an appeal is validly made, all fines, compensation or costs orders made by the Disciplinary Panel will be stayed pending determination of the appeal (and if the Appeal Panel does not in its decision set aside or vary such fine, compensation or costs order, the fine, compensation or costs will be payable within 14 days after the date of the Appeal Panel's decision); and all other sanctions imposed by the Disciplinary Panel, including suspensions, will remain in full force and effect pending determination of the appeal (for the avoidance of doubt, if the sanction imposed by the Disciplinary Panel included a suspension and that has been served in full prior to the time that the appeal is heard, the Member will be eligible to Participate again immediately after the expiry of the suspension).

The Appeal Panel may after hearing all the evidence either give its decision at the conclusion of the hearing or at such time following the hearing as it considers appropriate. In either case its decision shall be conveyed to the PGA European Tour and the Member in writing and with reasons as soon as reasonably practicable following the conclusion of the hearing.

In arriving at its decision, the Appeal Panel may either uphold the decision of the Disciplinary Panel and disallow the appeal or it may allow the appeal in whole or in part. The Appeal Panel may in its absolute discretion reduce, increase or otherwise vary any sanction imposed by the Disciplinary Panel. The Appeal Panel may determine the appeal by majority decision. A decision of the Appeal Panel will be final and binding on the PGA European Tour and on the Member(s) concerned.

(e) Costs

Any costs incurred by the Member in relation to preparing for and attending a hearing before a Disciplinary Panel or an Appeal Panel, as well as any costs arising in connection with the attendance of any witnesses requested by the Member at any such hearing, will be borne by the Member unless otherwise

agreed in writing in advance by the PGA European Tour. Notwithstanding the foregoing or that it will not ordinarily be the case that the Disciplinary Panel or Appeal Panel makes a costs award, the Disciplinary Panel and/or the Appeal Panel may in its absolute discretion award costs to a successful Member out of the PGA European Tour's funds (although the Disciplinary Panel or Appeal Panel should take into account the PGA European Tour's regulatory responsibility to bring cases in the best interests of the sport) or award costs to the PGA European Tour to be paid by the unsuccessful Member in such amount and on such terms as it considers appropriate.

(f) Discretion of the Chief Executive

If the Disciplinary Officer has decided, pursuant to paragraph 3 above, that a Serious Breach of the Code may have occurred and the matter has been referred to the Chief Executive for consideration, then the Chief Executive may elect to himself determine whether or not a Serious Breach of the Code was committed by the Member, and (if it is determined that a Serious Breach of the Code was committed by the Member), what the appropriate sanction(s) should be. The Chief Executive will make the above election (i.e. whether or not to himself determine whether or not a Serious Breach was committed and, if so, what the sanction should be) in his absolute discretion.

If the Chief Executive elects to himself make the determinations:

- (i) he will have a wide discretion as to the evidence that he may consider before making those determinations (which might include communications with the Member and/or making documentary requests of the Member);
- (ii) as soon as reasonably practicable after making the determinations, the Chief Executive will inform the Member in writing of his determinations (as to whether or not a Serious Breach of the Code was committed by the Member, and if it is determined that the Serious Breach of the Code was committed by the Member, what sanction(s) will be imposed for that Serious Breach of the Code);
- (iii) if the Chief Executive determines that the Member committed a Serious Breach of the Code, the PGA European Tour may issue a written statement confirming the relevant Member's commission of a Serious Breach of the Code and the imposition of the relevant sanction(s);
- (iv) the range of possible sanctions that may be imposed by the Chief Executive will be the same as those available to a Disciplinary Panel under paragraph 3(c) above;
- (v) unless the Chief Executive determines otherwise, any sanction(s) will be imposed immediately as if they had been determined by a Disciplinary Panel;
- (vi) the Member may appeal the determinations of the Chief Executive to an Appeal Panel by submitting a notice of appeal in accordance with paragraph 3(d) above (the appeal will proceed in accordance with paragraph 3(d) above, save that: (A) the time limit for such appeal will be fourteen (14) days from the date of receipt of the decision of the Chief Executive, and (B) any reference in paragraph 3(d) above to the Disciplinary Panel will be regarded as a reference to the Chief Executive,

- and (C) the appeal will be heard de novo; and
- (vii) if the determinations of the Chief Executive are not appealed within the 14-day time limit set out in paragraph 3(f) (vi) above, they will be final and binding on both the Member and the PGA European Tour.

If the Chief Executive elects not to himself make the determinations (and he will be deemed to have so elected if he has not communicated his election to the Member in writing within 28 days of the Serious Breach having been referred to him), a disciplinary hearing shall take place before an independent disciplinary panel pursuant to paragraph 3(a) above.

4. Enforcement of Payment

Any fines and/or costs imposed by a Disciplinary Officer, the Tournament Committee, the Disciplinary Panel, the Appeal Panel or the Chief Executive shall be payable within the time stipulated (except that in the case of an appeal, the payment of any such fine and/or costs shall be suspended pending the hearing of that appeal) and in default of such payment on its due date the Member or Non-Member shall not be eligible to (i) Participate in any Approved Tournament, or (ii) earn any Race to Dubai Ranking Points or Ryder Cup points until payment is made, and shall be liable to immediate suspension or expulsion from the DP World Tour. If a Member or Non-Member having been found in breach of the Code of Behaviour of one or more of the DP World Tour Qualifying School, Challenge Tour or Legends Tour has a fine or other payment requirement imposed on him and is in default of such payment then they shall not be eligible to (i) Participate in any DP World Tour tournament (including future editions of the DP World Tour Qualifying School), or (ii) earn any Race to Dubai Ranking Points or Ryder Cup points, until payment is made.

5. Variation

The PGA European Tour may from time to time and in its absolute discretion amend the Disciplinary Procedure, and any such amendments shall come into force on the date determined by the PGA European Tour and notified to the Members in writing.

6. Waiver of Minor Procedural Irregularities

In the event that there is a breach of procedure by the PGA European Tour, the Disciplinary Officer, the Chief Executive, the Director of Tour Operations, the Tournament Committee, the Disciplinary Panel or the Appeal Panel during the course of any disciplinary proceedings carried out pursuant to the Disciplinary Procedure, such breach will not invalidate the proceedings (or any part of them) unless any such breach is shown to render the proceedings unreliable or to prejudice seriously and irredeemably the position of the Member involved.

7. Nature of Proceedings

Proceedings pursuant to this Disciplinary Procedure are private and disciplinary in nature rather than arbitral.

8. Governing Law

The Disciplinary Procedure and each dispute or claim arising out of or in connection with it (including non-contractual disputes and claims) will be governed by and construed in accordance with English law.

9. Confidentiality

The existence of proceedings pursuant to this Disciplinary Procedure, and all oral or written representations, submissions, evidence and documents made/provided during the course of such Disciplinary Procedure are confidential, save that the PGA European Tour:

- (i) is entitled to issue press releases and make comments (identifying, for example, the parties involved, the nature of the case, as well as the time, date and venue for the hearing);
- (ii) will not ordinarily comment publicly on the specific facts of a pending case but will be entitled to do so, including in response to public comments attributed to a party or a party's representative(s) and that will be without prejudice to any other action that may be taken by the PGA European Tour;
- (iii) is entitled to publish any Disciplinary Panel or Appeal Panel decision or summary of it or any other decision made pursuant to this Disciplinary Procedure after the relevant decision has been communicated to the parties; and
- (iv) is entitled, at its discretion (i.e., it is under no obligation to do so, unless obliged to do so by applicable law) to disclose to third parties (including any relevant Member(s), other interested or affected persons, other sports governing bodies, statutory bodies and law enforcement agencies) information and/or materials regarding investigations, proceedings or matters in accordance with this Regulation F (including any decision made pursuant to this Disciplinary Procedure) as necessary and/or appropriate, including in order to: (a) notify the third party of any such decision and/or sanction; (b) enforce any such decision and/or sanction; (c) protect the integrity of the sport; and/or (d) protect the wellbeing of a participant or other person.

10. Recognition and Reciprocation

If a Member is alleged to have committed a breach of the Code of Behaviour of one or both of the Challenge Tour or Legends Tour or a comparable policy belonging to another Major Golf Tour then the DP World Tour may, entirely at its own discretion, accept and recognise any decision made or sanction imposed by the relevant tour related to that breach and impose the same or similar sanction on such Member with respect to his Membership and/or eligibility to Participate on the DP World Tour unless the relevant tour requests that it should not be recognised. A Member may apply to the DP World Tour for a sanction not to be so imposed but may only do so if he has exhausted all appeal procedures available to him under the applicable Code of Behaviour Disciplinary Procedures (or equivalent).

G. Health and Safety and Insurance

1. Health and Safety - Roles & Responsibilities

This policy is prepared on behalf of the PGA European Tour in an effort to meet best practice health and safety standards.

All Members have a personal obligation and general 'duty of care' to take reasonable care for the health and safety of themselves and other persons who may be affected by their actions (or omissions) both directly in person and indirectly, including through activity online and through activity associated with public profiles, social media and similar public commentary that may be associated with an event. All Members have a personal obligation to co-operate with the PGA European Tour and/or the tournament promoter or host venue to enable any such duty to be complied with.

This general 'duty of care' exists at all times, including during times of play. Maintaining appropriate etiquette associated with the game of golf will help Members to meet their personal obligations with regard to protecting the safety of themselves and others.

In particular, Members are reminded that:

- The use of the word "fore" remains the traditional and expected warning/etiquette when there is a danger of hitting someone with an errant golf shot and that Regulation F I (2b) requires you to 'comply with the normally accepted standards of golf etiquette.'
- PGA European Tour reserves the right to issue ad hoc extraordinary measures from time to time, to protect the health and safety of any/all persons attending tournaments they sanction. For the avoidance of doubt, such ad hoc measures shall be deemed to form part of these Regulations.
- A failure to comply with this regulation may be considered a breach of the Code of Behaviour with such conduct subject to the disciplinary procedures under Regulation (F) II.

Promoters & Host Venues

Whilst the PGA European Tour strives to enhance the tournaments' exposure worldwide, a number of tournaments are staged and managed by independent tournament promoters who have ultimate responsibility for the health and safety of Members and visitors. These promoters enter into contracts with owners of golf courses for the use of the premises and facilities to stage the tournament.

The tour promoters therefore owe a legal duty of care to take reasonable steps to see that Members will be reasonably safe in using the premises and facilities at the event. In practice, this means that tour promoters are responsible for the below-mentioned aspects of health and safety, including but not limited to provision of first aid, emergency services and medical support in line with local legislation and the European Tour Group minimum medical standards. (For tournaments where the PGA European Tour acts as the tour promoter, these responsibilities will normally also apply to the PGA European Tour).

Risk Assessments

Tour promoters are responsible for creating a risk assessment of the premises, facilities and the event, so as to identify measures that are needed to comply with the health and safety requirements applicable. The assessment should be reviewed when necessary and recorded. Tour promoters should also make, and give effect to, adequate health and safety arrangements, including the effective planning, organisation, control, monitoring and review of the preventative and protective measures. Risk assessments should be held in accessible locations.

Facilities/infrastructure

Tour promoters are responsible for the provision of all facilities required to stage the tournament: for example, grandstands, scoreboards, catering outlets, hospitality facilities and merchandising units etc. This includes pre-event assembly works and post- event dismantling and site clearance.

Tour promoters must ensure that facilities are supported with appropriate and adequate infrastructure including toilets, car parking and utilities/services (electricity, water, gas, sewerage, communication etc.). Infrastructure that is often obtained from specialist suppliers includes (but is not limited to) marquees, temporary footbridges, event signage and scoreboards etc. These should be 'fit for purpose' and have a system of safety inspection and maintenance work that ensures they remain safe to use.

Tour promoters will often engage with specialist suppliers and/or contractors for the design and provision of temporary infrastructure. Whilst each supplier and/or contractor will have health and safety obligations for the services or infrastructure they provide, the tour promoter will retain an overall duty of care and responsibility to ensure that each contracted organisation is competent; adequately resourced; that work is properly being done and the contractor is appropriately insured.

Equipment

The PGA European Tour and the tour promoter shall ensure that any equipment supplied is suitable for the purposes for which it is used or provided. This includes ensuring that equipment is adequately inspected and maintained. Steps should be taken to avoid danger in the use of equipment where it is reasonably foreseeable that it will be exposed to adverse or hazardous environments.

Members are expected to use any equipment provided by the PGA European Tour or the Tour promoter in accordance with the instructions respecting that use, which have been provided to him. Members should notify the same of any identifiable or suspected defect within the equipment immediately.

Safeguarding

Everyone associated with the game of golf has a shared ongoing responsibility to keep our game as safe, enjoyable and inclusive as possible for all. This includes everyone associated with European Tour Group, and especially our employees, Members and our associated commercial partners and event promoters. It is the policy of European Tour Group that everyone associated with our events and our undertakings is obliged to work collaboratively in line with legislation, published guidance and industry best practice to:

- Implement preventative safeguarding protocols, underpinned by regulations; policies; operational procedures; standards; checks; guidance and training,
- Ensure that processes for reporting of concerns is as straightforward as possible,
- Ensure that safeguarding and child protection concerns are investigated quickly and thoroughly, in conjunction with relevant third-party agencies and in line with our published policies and protocols
- Continuously review and improve our practices in relation to Safeguarding.

Specifically, our events and day to day operations may involve persons who are considered to be potentially vulnerable by virtue of their age (under 18 years of age), or through other circumstances. Our Safeguarding policies and protocols will be applied, and must be strictly upheld by all, to offer appropriate protection for those who may be considered to be vulnerable, including those who participate as competitors, employees, volunteers, visitors etc.

Communication

Each tournament promoter must communicate, co-operate and co-ordinate work activities with the PGA European Tour to ensure that tournament administration requirements are met. Where appropriate, they must liaise also with broadcasting production companies to accommodate the infrastructure and arrangements necessary to enable the tournament to be broadcast.

The PGA European Tour accepts no responsibility for any accidents, death or injury suffered by any individual during the course of, in preparation for or in connection with a tournament unless the same occurs as a direct result of the negligence of the PGA European Tour or its employees whilst they are acting in the course of their employment.

If any Members require assistance in this respect we recommend they contact the PGA European Tour health and safety advisors Fairhurst, contact details as below:

2. Health & Safety Overseas

Standards of health and safety differ from country to country. Members are advised to take additional care for their own safety and the safety of any companions (caddies, family, agents etc.) when travelling to and competing in PGA European Tour sanctioned tournaments or when staying away from home in connection with such tournaments.

Regrettably, terrorism, civil unrest and crime (including violent crime) are facts of life in many countries and destinations where tournaments are held. Political, religious and social situations and stability can change at very short notice. Vigilance needs to be maintained in all areas and in some areas particular protection against endemic disease, such as malaria should be taken.

Members are responsible for ensuring that they have all relevant up-to-date information about health and safety considerations, or other threats, concerning their travel

arrangements or destinations, and about the potential for harmful events to occur.

The PGA European Tour accepts no responsibility for the consequences of such matters, and further, accepts no responsibility for advising or informing Members of the potential for, or existence of such matters. Members and their companions should check up to date information before deciding whether or not to travel.

Appropriate information is available from a number of sources including:

- The UK government departments' website: www.gov.uk/knowbeforeyougo
- The National Travel and Health Network Centre: www.travelhealthpro.org.uk/
- Other national government advisory services.

Members are reminded that they may need to plan their travels well in advance. Those intending to visit some destinations may require inoculations or a course of other preventative medication (e.g. malaria tablets). Members should consult with their medical adviser well in advance of travel and leave enough time to complete any recommended course of treatment prior to the date of travel.

Lead times are likely to apply to other safety and security measures.

3. Insurance

All Members must have adequate insurance in place prior to Participating in any tournament on the DP World Tour or the Challenge Tour.

PGA European Tour accepts no responsibility for arranging any personal insurances for its Members or their caddies which Members should ensure they arrange for themselves, including insurance for personal liability, travel, medical, or personal accidents and which should include cover when playing away from the DP World Tour or Challenge Tour.

The PGA European Tour's Public Liability Insurance, which includes all its Members and their caddies, provides (subject to its terms and conditions) an indemnity up to £5 million per occurrence for PGA European Tour's negligence leading to third party injury or property damage in relation to DP World Tour or Challenge Tour tournaments only.

4. Compliance with Local Law and Customs

Members and their companions should familiarise themselves with local laws and

customs before travelling to a tournament. Members must ensure compliance with the law at all times and respect religious, cultural and ethnic differences in the host country.

In some countries, consumption of alcohol is either forbidden or is culturally unacceptable. Whilst the use of illicit and recreational or performance enhancing drugs by Members is strictly prohibited under PGA European Tour's Anti-Doping Policy, Members should also be aware that the importation and/or use of such substances is illegal in some jurisdictions. 4. In the event of a tie or ties in the Rankings, the same policy as for Official Money will be used whereby the bonus pool allocated to the tied places will be added together and the total split evenly amongst those tied.

5. Re-Ranking for Category 18

Players in Category 18 will be re-ranked as follows during the 2025 Official Season:

Re-rank 1:

The four Members who have earned the most Race to Dubai Ranking Points that are eligible for the re-rank¹ in the 2025 Official Season from Category 18 at the end of The Opening Swing will be re-ranked to the top of Category 18.

The first tournament entry deadline to be affected will be the **Hero Dubai Desert Classic**.

Re-rank 2:

The four Members who have earned the most Race to Dubai Ranking Points that are eligible for the re-rank¹ in the 2025 Official Season from Category 18 (not already re-ranked) at the end of The International Swing will be re-ranked to the top of Category 18.

A total of 8 Members will have been re-ranked after The International Swing. The respective total of Race to Dubai Ranking Points that are eligible for the re-rank¹ earned by each of the 8 re-ranked Members will determine their ranking position at the top of Category 18.

Exception 2: If however a Category 18 Member is for any reason finally exempt into a tournament through a Category other than 18, but the final tournament cut-off in this tournament or any other Race to Dubai Ranking Tournament scheduled in the same week and with the same number of Race to Dubai Ranking Points available, is below his Category 18 ranking, then any Race to Dubai Ranking Points earned in that tournament would still count towards the re-rank.

6. Tournament Conditions

The following conditions are applicable to Regular DP World Tour Tournaments:

Format:

Each tournament will be a 72 holes stroke play event.

Tournament Field:

The normal starting field for a full field, sole DP World Tour sanctioned tournament will be 156 Players (subject to agreement with each promoter).

Exception:

1. Tournaments that have a 1 tee start may be defined as 150 irrespective of the above.
2. Tournaments that are co-sanctioned with other Tours will have a starting field of 156 unless otherwise contracted.
3. Tournament Directors are empowered to implement limitations to field sizes in accordance with available daylight and in accordance with Starting Field Regulation C(2b).

NOTE: When amateurs Participate, they will be included within these field sizes.

Cut Policy

(a) (i) Cut after two rounds:

Players will play one round on each of the first two days, after which the leading 65 professionals¹ and those who tie for 65th place, will qualify for the third and fourth rounds. Exception: In accordance with the provisions of Regulation C15, the cut may be reduced to a maximum of 78 players or the leading 50 professionals and ties.

(ii) Cut after three rounds

In the event that the cut after 2 rounds qualifies between 79 and 84 players for the third and fourth rounds then, there may be an additional cut after 3 rounds to the highest 54-hole total score required to reduce the field to a maximum of 78 Players. Such a decision will be taken by the Tournament Director in accordance with the following guidelines:

- o In the event of a weather impacted event, where there will be a re-draw between rounds 3 and 4 and a 3 ball 2 tee start is required for the final round.
- o Where the cut is of such a size that in order to finish for required TV off-air times on the final day there is insufficient daylight, or the first tee time would be prior to 06:15 local time.
- o Where fog or other bad weather is forecast with potential delay to the start of the final day that would necessitate an immediate switch to a 3 ball 2 tee start on the final day.

In the event that the cut after 2 rounds qualifies more than 84 players for the third and fourth rounds then there will be an additional cut after 3 rounds to the highest 54-hole total score required to reduce the field to a maximum of 78 players.

Exception: This 3rd round cut will not be implemented where circumstances dictate that there is no re-draw between rounds 3 and 4.

NOTE: The 3rd round cut regulation may be subject to change at co-sanctioned tournaments where the co-sanctioning Tour operates a different policy and any such agreement to change will be notified on the tournament week prior to the first round.

(¹When determining the 2nd round cut, qualifying amateurs will be in addition to the professional field at this stage).

(b) Policy following a subsequent application of penalty or disqualification.

Once a reduction of field (the cut) has been made after 36 or 54 holes¹ and the subsequent round draw has been published, no subsequent application of a penalty, or disqualification will alter the respective cut score.

When it is discovered that a Player has breached Rule 3.3(b) after a cut and the subsequent round draw has been published, the following will apply:

- (i) For a breach prior to the 36 hole cut:** If the addition of penalty strokes to a round prior to the cut, results in the Player's score being higher than the 36 hole cut score, the player will be withdrawn from the field and will be considered to have missed the cut. He will be included in the final results in accordance with his adjusted 2 round total.

In the event of the above discovery reducing the field to less than 65 Players after the 36-hole cut, those professionals (and amateurs, only in relation to the distribution of Race to Dubai Ranking Points) who would have otherwise made the cut will receive prize money and Race to Dubai Ranking/ Ryder Cup Points equivalent to the position they would have achieved at the point the cut was originally determined, with reserve money being allocated as required.

- (ii) For a breach in the 3rd round:** If the addition of penalty strokes to the 3rd round, results in the Player's score being higher than the 3rd round cut score, the Player will be withdrawn from the field and will be included in the final results in accordance with his adjusted 3 round total.

NOTE: In the event of (b) above changing the 54-hole total score that should have been used to determine the 3rd round cut, those professionals (and amateurs, only in relation to the distribution of Race to Dubai Ranking Points) who would otherwise have made the 3rd round cut will simply have their ranking positions, prize money and Race to Dubai Ranking Points adjusted to reflect the withdrawal from the field of the Player in question.

(c) Policy following a withdrawal from the 3rd round

(or 4th round where a 3rd round cut has been introduced).

If a Player who has posted a 36 or 54 hole¹ total that will qualify him for either the 3rd or 4th round withdraws at any stage, his results will stand and will be used to determine the respective cut mark.

i.e., Even if he has withdrawn from the 3rd round prior to the conclusion of the 2nd round and there are only 65 professionals on the cut mark including his 2nd round total, the cut will remain at this score, and 64 professionals will compete the 3rd round. The same principle will apply for a withdrawal from the 4th round prior to the conclusion of the 3rd round cut.

If an additional round or rounds are completed after the respective cut, he will appear in the final results as the highest positioned Player of those not to make that cut.

If there are no additional rounds completed after the cut and a result is declared after 36 or 54 holes, he will appear in the position earned by his 36 or 54 hole total.

¹As per Regulation C15 - in certain weather delay situations this cut may be introduced after 18 holes.

Eligibility:

Entries will be accepted in Exemption Category order until the field is complete (see Administration and Conduct of Tournaments – C2).

Ties:

In the event of a tie for first place, there will normally be a “hole-by-hole” play-off, to determine the winner. If a play-off involves more than two Players, those other than the winner will be deemed to have tied for second place regardless of their scores in the play-off.

Official Money and Race to Dubai Ranking Points:

In order to earn Official Money and/or Race to Dubai Ranking Points, a Player must complete the final round for which he has qualified in a Race to Dubai Ranking² stroke play tournament. (NB. Official Money and/or Race to Dubai Ranking Points will not be awarded to a Player who completes the final round for which he is qualified but is subsequently disqualified).

²At certain Race to Dubai Ranking Tournaments that are not principally administered by the DP World Tour, such as the 4 Major Championships and some co-sanctioned tournaments, it may be the event policy to award prize money in conflict with this condition. In these circumstances however such prize money will not be regarded as Official Money, and Race to Dubai Ranking Points will not be awarded.

NOTE: Where a tournament offers prize money to those who qualify to play but who fail to make the cut (e.g., The Open Championship), such prize money will only be regarded as Official Money if the Player completes those rounds in which he is eligible to Participate. Race to Dubai Ranking Points are not available to a Player missing the cut in such a tournament.

Amateurs are eligible to earn Race to Dubai Ranking Points but ineligible to earn prize money. For the purpose of distributing prize money only, their results will be excluded and the prize money will be distributed based on the amended finishing positions of all

professionals after such amateurs' final results have been excluded.

The following approved Official Prize Money breakdowns are applicable to Regular Race to Dubai Ranking Tournaments, for those professionals 'making the cut' and completing the final round for which they are qualified. Where the number of professionals 'making the cut' is less than 70, Official Money allocated to the remaining places will not be distributed. Where this number is higher than 70, see Tour Reserve Money below. These are designed only as a guide and an applicable breakdown based on the exact Official Money will be published at each tournament.

The following Race to Dubai Ranking Points breakdowns apply to all Race to Dubai Ranking Tournaments for those Players 'making the cut' and completing the final round for which they are qualified irrespective of the Official Prize money breakdown for each tournament.

Where the number of Players making the cut is higher than 65, additional points will be allocated in accordance with the following published breakdowns.

The Abu Dhabi Championship is scheduled in the current Official Season later than the Race to Dubai Ranking Tournament where the Categories based on the current Race to Dubai Rankings are defined. Because of this, only Players whose Race to Dubai Ranking or Non-Member Points List Ranking is above the cut off for Category 10 in the following Official Season will be eligible to earn Race to Dubai Ranking Points.

Furthermore, Race to Dubai Ranking Points will not be awarded to Players entered under either (i) National exemptions or (ii) Tournament Invitations. (Exception: If a Player is entered through either of these exemptions and his Race to Dubai Ranking or Non-Member Points List Ranking is above that of the last Member to qualify for the tournament through the Top 70 Race to Dubai Ranking exemption, then he will be eligible for Race to Dubai Ranking Points).

Tour Reserve Money:

Tour Reserve Money will be regarded as Official Money. Tour Reserve Money will be paid/awarded to Players who have qualified for the final two rounds but finish in 71st place or below in any Race to Dubai Ranking Tournament. Tour Reserve Money will only be awarded to those Players who complete the final round for which they have qualified.

(NOTE: Tour Reserve money will not be awarded to a Player who completes the final round for which he is qualified but is subsequently disqualified).

71st place Tour Reserve Money will be calculated at 0.15% of the total Official Money. Tour Reserve Money will reduce by 3 euro for each subsequent place.

NOTE: At certain Race to Dubai Ranking Tournaments, both the prize money and reserve money breakdown of a co-sanctioning Tour or other governing body may apply and, in such cases, the above reserve money breakdown will not apply.

Unofficial Money:

(i) Any Ranked Member in Categories 19-21 who misses the cut in any Race to Dubai

Ranking Tournament will be paid US\$1,500 unofficial money or the equivalent of this amount in the published prize money currency for such tournament. This equivalent amount will be calculated using the opening exchange rate on the day that payment is made to the Member as generated via the FXloader platform which provides a market average from all leading fx providers.

- (ii) Any professional who is disqualified or withdraws for any reason from a Race to Dubai Ranking tournament after making the cut shall be paid last place, unofficial prize money as determined by the final cut the Player made (i.e. the cut after 36 holes, or where applicable, the secondary cut after 54 holes).
- (iii) A professional who begins play at a Race to Dubai Ranking Tournament without a cut and is disqualified or withdraws for any reason shall be paid last place, unofficial money.
- (iv) Any professional who has qualified for a Race to Dubai Ranking tournament without a cut or a reserve list but is unable to play due to a serious personal emergency, injury or other disability which requires ongoing medical attention will receive last place, unofficial money without being required to register on- site. The Chief Executive, in his discretion, may require a Player to provide medical reports or other documentation substantiating the seriousness of his injury or other medical disability.
